Stedman's Medical Dictionary—this comprehensive medical dictionary comes with a CD-ROM to download to a computer for medical look-up and spell check.

Dissection kit—an excellent choice for first-year medical students. Attractive case features 11 instruments and extra scalpel blades. A quality and all-in-one solution.

The real value of AMA membership has nothing to do with saving money.

As the most influential medical student and physician organization in the United States, AMA membership connects you to our mission to ensure that you have a powerful voice in shaping the profession and future of medicine. The AMA has the size, strength and determination to help guide medicine and health care in positive directions. We ask that you share in this commitment by joining the AMA today.

For additional information, please contact Kristen Tinney, AMA medical student segment specialist, at kristen.tinney@ama-assn.org or (312) 464-4935.
