The AMA STEPS Forward® program offers practice innovation strategies that allow physicians and their teams to thrive in the evolving health care environment by working smarter, not harder. Physicians and leaders looking to refocus their practice can turn to AMA STEPS Forward® for proven, physician-developed strategies for confronting the typical challenges in busy medical settings and devoting more time to caring for patients. This collection offers more than 70 online toolkits and other resources that help physicians and medical teams make transformative changes to their practices.

The AMA STEPS Forward® Innovation Academy expands on the program to give participants the flexibility to customize their practice transformation journey. The Innovation Academy offers a wide range of opportunities to learn from peers and experts, including webinars, tele-mentoring, virtual panel discussions, boot camps, and immersion programs.

AMA Professional Satisfaction and Practice Sustainability Group

The AMA Professional Satisfaction and Practice Sustainability group is committed to making the patient–physician relationship more valued than paperwork, technology an asset and not a burden, and physician burnout a thing of the past. We are focused on improving—and setting a positive future path for—the operational, financial, and technological aspects of a physician’s practice. Learn more.
