

## Council on Ethical & Judicial Affairs (CEJA) reports by year

---

Reports by the Council on Ethical and Judicial Affairs (CEJA) interpret the *AMA Code of Medical Ethics* to provide practical ethics guidance on timely topics.

When the AMA House of Delegates adopts the recommendations of a CEJA report they become Opinions in the Code of Medical Ethics. The body of the report, which sets out CEJA's ethics analysis, is archived and remains available as a resource to help users apply guidance.

CEJA reports may not be reproduced without express written permission.
