Council & committee nominations

Nomination process instructions

The AMA is committed to promoting diversity and inclusion in every facet of organized medicine. The organization encourages members to consider nominating diverse candidates, such as historically underrepresented minorities, women, LGBTQ and international medical graduates for positions on AMA councils/committees.

- Sponsoring organizations should determine the candidate’s willingness to serve, if selected, prior to submitting nominations.
- Physician members of AMA councils/committees must be active members of the AMA at the time of election/appointment and throughout the duration of their term.
- Nominations for AMA councils/committees should be presented on the council/committee nomination form.
- **Nominations for AMA Councils are due on March 15** every year unless otherwise noted. (Nominations for AMPAC are due on July 15—every even year).
- All pertinent information must be provided within the space provided on the form. Please complete multiple forms for multiple nominations.
- The sponsor’s statement should be at least 50 words and no more than 250.
- Please enclose executive curriculum vitae (no more than 3 pages) for the candidate, with the nomination form.
- Maximum of 2 letters of support or endorsement may be included with nomination packet.
- Review carefully the AMA's Conflict of Interest Policy and Council Principles (PDF), which provide explanatory text and examples. If you are the one seeking an AMA leadership position, you must complete and return the conflict of interest disclosure form that will be sent to you.
- If seeking a leadership position in a separate organization, please also review their disclosure form and determine if you will be able to comply with that organization’s conflict of interest policy.

**Election process and rules**

Officers, trustees and 4 councils are elected by the House of Delegates at the Annual Meeting. This process allows delegates the opportunity to become acquainted with the candidates and their views. Nominations for these offices are widely solicited throughout the Federation. The campaigns are often spirited and are conducted under rules established by the House, which are modified from time to time. Elections are by secret ballot and are under the supervision of the Committee on Rules and Credentials and the chief teller, who are appointed by the speaker and vice speaker. Individuals intending to seek election should review the election process and campaign rules document (PDF).
