

10 most-viewed obstetrics and gynecology residency programs

2021 FREIDA™ data

In 2021, FREIDA™ users tallied more than 500,000 views of obstetrics and gynecology residency programs. In this list, we pare the 296 programs down to the 10 OB GYN residency programs ranked at the top for user interest.

Rankings are based on identified medical student activity on FREIDA™, the AMA Residency & Fellowship Database®, from Jan. 1-Dec. 31, 2021. FREIDA allows medical students to search for a residency or fellowship from more than 12,000 programs—all accredited by the Accreditation Council for Graduate Medical Education.

Specialty description

Obstetrics and gynecology is a diverse, challenging and rewarding specialty. It combines medical and surgical skills to address aspects of women's health during the entire life cycle. An obstetrician/gynecologist (OB/GYN) has particular expertise in pregnancy, childbirth and disorders of the reproductive system. This includes preventive care, prenatal care, detection of sexually transmitted diseases, Pap test screening, oncology, reconstructive surgery and family planning.
