10 most-viewed urology residency programs

2021 FREIDA™ data

In 2021, FREIDA™ users have more than 60,000 views of urology residency programs. In this list, we pare the list of the 146 programs down to the 10 urology residency programs ranked at the top for user interest.

Rankings are based on identified medical student activity on FREIDA™, the AMA Residency & Fellowship Database®, from Jan. 1-Dec. 31, 2021. FREIDA allows medical students to search for a residency or fellowship from more than 12,000 programs—all accredited by the Accreditation Council for Graduate Medical Education.

Specialty description

Urology is a surgical specialty that deals with diseases of the male and female urinary tract, adrenal glands and male reproductive organs. The breadth of the specialty provides urologists with a varied practice. It also affords them the opportunity to specialize in a particular specialty area of urologic surgery. This flexibility also enables the urologist to maintain a more tailored schedule than other surgical specialties. As a rule, urological emergencies are less time-consuming than emergencies in other specialties.

The 10-most viewed urology programs
