

## PPPS November 2021 Meeting highlights

---

The Private Practice Physicians Section (PPPS) met virtually on Saturday, Nov. 6.

### Business of the meeting

The PPPS virtual meeting was attended by more than 71 private practice physicians. PPPS was pleased to see the overwhelming support for this new section and such a high level of robust engagement.

The section transmitted three resolutions to the AMA House of Delegates for consideration at the November 2021 Special Meeting.

- Resolution 2: Enforcement of Administrative Simplification Requirements
- Resolution 3: Advocacy of Private Practice Options for Healthcare Operations in Large Corporations
- Resolution 4: Health System Consolidation

The section will strongly support three AMA House of Delegates resolutions:

- To promote sustainability in Medicare physician payments.
- To improve physician payments.
- To end budget neutrality.

### Education session

The section hosted a panel discussion on Innovative Contracting for Private Practice. The education program provided an opportunity for members to engage in conversation around current contracting practices and recommendations for private practice physicians in this area.

Visit the education sessions page for additional information on this topic and other sessions.

## Join PPS

Learn more about PPS and how to become more engaged. Membership in PPS is open to any AMA member in a physician-owned private practice, which is defined as a practice comprising 50 or fewer physicians and in which those physicians, in the aggregate, own a controlling interest. Applications for membership are considered on a rolling basis.

For additional information on the November PPS meeting, visit the section's agenda & resources page.
