COVID-19 (2019 novel coronavirus) resource center for physicians

The AMA and Centers for Disease Control and Prevention (CDC) are closely monitoring COVID-19 (2019 novel coronavirus) developments.

Stay informed and updated with the AMA

Latest COVID-19 news

- AMA Director of Science, Medicine and Public Health Andrea Garcia, JD, MPH, discusses the latest on Omicron subvariants, delays in state-by-state COVID-19 case reporting and more.
- Jesse Ehrenfeld, MD, MPH, AMA’s new president-elect, shares his family’s vaccine experience on COVID-19 vaccines for children, as well as advice for parents of young kids and tips for doctors on answering questions from vaccine-hesitant parents.
- On July 6, 2022, U.S. Food and Drug Administration (FDA) approved updated contraindications related to drug interactions associated with PAXLOVID, which are reflected in the updated Fact Sheet for Healthcare Providers and Fact Sheet for Patients, Parents, and Caregivers.
