AMA ADVOCACY INSIGHTS

WEBINAR SERIES

The AMA Advocacy Insights webinar series covers key advocacy issues from the federal and state levels impacting patients and physicians—such as telehealth, Medicare payment, the overdose epidemic, public health, surprise billing, prior authorization and more.

Upcoming webinars

1 The future of telemedicine

Experts from the Federation of State Medical Boards (FSMB) will provide an overview of the updated telemedicine policy. In addition, speakers will discuss current state licensure laws regarding telemedicine and continued solutions that can be implemented moving forward.

Featured topics

1 The nation's drug overdose epidemic—Helping children and families, patients with pain

Experts explore the unique effects of the drug overdose epidemic on children and adolescents, historically marginalized and minoritized individuals, and patients with pain.

2 Out-of-network payment process under the No Surprises Act

As a follow-up to the AMA's January webinar on the No Surprises Act (NSA), experts will focus on the payment process for physicians and other providers in surprise medical billing situations.

3 Top federal issues

AMA experts address the top federal issues facing patients and physicians this year—and how to effectively advocate to Congress.

4 Implementing the No Surprises Act

Experts discuss the implementation of the NSA, including many of the issues addressed in the AMA's surprise billing toolkit, tackling enforcement challenges and the interaction between state and federal surprise billing requirements.
