AMA's 175th Anniversary: Social media kit

Celebrate the Moments

For 175 years the AMA has moved medicine through historic moments in time. This moment, NOW, we are proud to commemorate our organization’s tremendous contributions to medicine, the generations of employees that advanced its mission, and the millions of physician members through the years who have dedicated their careers to also meet each moment in medicine—working to improve the health of their communities and our nation. Join us on your social media channels and celebrate the moments.
