# Private Practice Simple Solutions

## **E/M Documentation: July-Aug. collaborative session**

AMA Private Practice Simple Solutions are free, open access rapid learning cycles designed to provide opportunities to implement actionable changes that can immediately increase efficiency in private practices. Each multi-week learning session will be focused on one topic area. This eight-week learning session will use the AMA STEPS Forward® E/M Documentation Burden Reduction Toolkit as a guide.

Busy private practice physicians will be able to access pre-recorded content presented by subject matter experts at a pace and during a time that works best for them.

### **When**

#### **Recording one: Released July 7**

Discusses:

- Understand guidelines
- Engage key players
- Design workflows
- Educate physicians and staff
- Use new E/M codes

#### **Recording two: Released Aug.16**

Recording two provides:

- Discussion with subject matter expert on identified common obstacles in a clinical vignette
