Two medical coding education events

This year's Outpatient CDI Workshop and CPT® and RBRVS 2023 Annual Symposium are being held virtually Nov. 15 - 18, 2022. Join us to stay up-to-date on significant CPT® code and relative value unit (RVU) changes for 2023.

Outpatient CDI Workshop

On Nov. 15, participate in the Outpatient CDI Workshop to enhance your understanding of outpatient documentation requirements. Choose from two programming tracks according to your CDI goals.

Additional information, including the agenda, will be posted as it becomes available.

CPT® and RBRVS 2023 Annual Symposium

This year, we are celebrating the 30th anniversary of the world's only medical coding conference delivered by the authority on the CPT code set. Join us to learn about the upcoming changes to the CPT code set and payment policies directly from members of the AMA-convened CPT Editorial Panel, AMA/Specialty Society Relative Value Scale Update Committee (RUC) and CPT and RUC Advisors.

Attend from Nov. 16–18 to get the first look at the 2023 CPT code set with guidance from experts.
