Developing digital empathy and the virtual physical exam
Telehealth Immersion Program

PART OF THE
AMA | STEPS forward™
Innovation Academy
This webinar will provide suggested strategies to improve patient connection and communication when delivering care remotely. Content will expand upon the recent publication “Enhancing Digital Empathy and Reimagining the Telehealth Experience” from Telehealth and Medicine Today.

Join this webinar to learn:

- Effective strategies for developing digital empathy over telehealth
- Advanced virtual physical exam skills
- Emerging theories of “telehealth literacy” to optimize the virtual care experience

Learn more about the Telehealth Immersion Program, the AMA’s newest offering to guide physicians, practices and health systems in optimizing and sustaining telehealth.

**When**

Jan. 26, 2022, noon Central

**Register**
