Demonstrating the Value of Virtual Care

About
Telehealth Immersion Program

PART OF THE
AMA | STEPSforward™
Innovation Academy
Leveraging the AMA’s Return on Health Framework, practices across the nation are measuring the value of virtual care in their organizations. In this session, a variety of practices have the opportunity to take the mic and share real-world examples of how virtual care has impacted one or more of the following value streams:

- Clinical outcomes, quality, safety
- Access to care
- Patient, family and caregiver experience
- Clinician experience
- Financial and operational impact
- Health equity

Practices featured during this event are participants of a program hosted in collaboration between the AMA, Physicians Foundation, Medical Society of the State of New York (MSSNY), Academy of Medicine of Cleveland and Northern Ohio (AMCNO), Montana Medical Association (MMA), Massachusetts Medical Society (MMS), and Iowa Medical Society (IMS).

A live virtual discussion will be held on the AMA Physician Innovation Network simultaneously giving an opportunity for participants to connect with practices featured. Access the virtual discussion (login required).

**Webinar recording**

**When**

Friday, Sept. 23, 2022, 10 a.m. Central

**Registration**

Registration is now closed.
