About Medline

Medline is America's largest privately held national manufacturer and distributor of medical products and health care supplies across the United States. Founded in 1966, Medline’s mission is to provide quality medical products at a great value. Medline medical supplies are designed for clinical success. For example, their upper-arm blood pressure monitors are designed with a one-push button, making them easy for your staff to operate.

The extensive catalog of Medline products includes:

- Point of care testing: analyzers, reagents and consumables
- Exam gloves, surgical gloves and accessories
- Blood collection and biopsy
- Surgical and procedure supplies
- Nursing and patient care supplies
- And much more
