ChangeMedEd® 2023

This fall join the AMA at ChangeMedEd®2023, a national conference bringing together leaders and innovators in medical education and related health care fields to accelerate change in medical education across the continuum and transform the way future physicians and residents are trained.

Copyright 1995 - 2021 American Medical Association. All rights reserved.
ChangeMedEd 2023 will feature keynote speakers, peer-led breakout sessions and workshops, poster and exhibit halls and presenters from leading medical schools and institutions across the country. Attendees will represent medical education across the continuum—undergraduate and graduate medical education educators and learners, and health systems leaders—who are inspiring and promoting systemic change in medical education to better train physicians to meet the needs of patients today and in the future.

**Session topics**

The conference will cover critical topics in medical education including:

1. Coaching
2. Competency-based medical education and assessment
3. Equity, diversity and belonging
4. Health systems science
5. Precision education
6. Selection for medical school and residency
7. Transitions to medical school, residency and practice

**Exhibitor information**

Exhibit hall booth reservations are closed.

**Registration information**

ChangeMedEd 2023 registration is now open. See below for conference pricing:

- General registration: $600
- AMA member registration: $500
- Student/resident registration: $150
