**NEW! Guide to joining or aligning with a physician-led integrated system**

As a direct result of IPPS policy adopted by the AMA House of Delegates in 2016, the AMA has developed a resource for physicians considering joining or aligning with a physician-led integrated system. The guide offers insights on how to evaluate and assess the performance and measure key attributes of a physician led system and determine whether a particular system is the right fit for you. Several physician executives of health systems are handing out copies of the guide to potential physician recruits. [Download](#) your free copy today.
