AMA has joined with AmericanEHR Partners along with 16 other professional associations including ACP, ACS and AAFP. AmericanEHR Partners is dedicated to the creation of an online community of clinicians who use information technology to deliver care to Americans. Through education, social media and the collection of peer contributed data its goal is to organize information to facilitate optimal decision making. AmericanEHR has, for several years, conducted a vendor rating system, which provides ratings generated from verified physicians and also contains a comparison tool. The vendor rating tool is free, as is registration on the AmericanEHR website. Through our participation, AMA members will contribute to the vendor rating system and AMA will have access to de-identified summaries of member ratings as well as comparisons with member ratings from other participating professional associations. A link to AmericanEHR Partners is available on the AMA website.

RES 110-A-12	A National Toolbox on Access To and Distribution of Physician Services	Adopted.	The AMA has actively engaged the Centers for Medicare & Medicaid Services (CMS) Office of Medicare-Medicaid Coordination which was established by the ACA to more effectively integrate Medicare and Medicaid benefits and to improve the coordination between the federal and state governments for the individuals enrolled in both the Medicare and Medicaid programs. A letter was sent to CMS communicating AMA's concerns regarding potential access to care for dual eligible patients.

<b>Report/Resolution</b>	<b>Title</b>	<b>House Action</b>	<b>Status</b>
RES 111-A-12	Transparency in Health Care Costs	Referred for Decision.	<p>The Board considered a report in response to Resolution 111-A-12. The intent of the resolution is to encourage a shift toward a more transparent health care system so that costs are readily known and health care decisions can be made accordingly. Current AMA policy and advocacy efforts address the key requests in this resolution and support continued action by the AMA. It was noted that AMA advocacy consists of drafting and sharing relevant model bills to state medical associations for their use, publicizing AMA resources such as the Health Insurer Code of Conduct Principles and Getting the Most for our Health Care Dollars: Strategies to Address Rising Health Care Costs, and communicating with the Centers for Medicare and Medicaid Services (CMS) regarding the transparency of cost and quality.</p> <p>The Board VOTED that Resolution 111-A-12 not be adopted, and that the American Medical Association continue advocating for transparency in health care costs based on AMA policy positions.</p>
RES 112-A-12	Healthcare Spending Control and Ambulatory Surgery Centers	Substitute Resolution 112 - Resolved #1 Referred for Decision, Resolved #2 & 3 Referred.	<p>The Board considered a report in response to the first Resolve of Substitute Resolution 112-A-12 which asked the AMA to seek legislation “that requires third party payers to allow their plans’ participating physicians to perform outpatient procedures at the appropriate site of service (hospital outpatient department, ambulatory surgical center, office-based facility, or physician’s office), chosen by the physician and the patient. Because the intent of the first resolved clause (plus its relationship to the issues of physician participation and copayments) will be addressed in the Council on Medical Services’ report to the HOD at A-13, which will address the second and third Resolved clauses of Substitute Resolution 112, there is no reason to take action at this time on an issue that will be presented to the HOD as part of a much larger set of issues next year.</p> <p>The Board VOTED to not adopt the first Resolved clause of Substitute Resolution 112.</p> <p>A Council on Medical Service Report on this subject will be prepared for consideration by the House of Delegates at the 2013 Annual Meeting.</p>
RES 113-A-12	Testing and Treatment Supplies	Recommendations in BOT Report 12 Adopted as Amended in Lieu of Resolution 113 with Change in Title, Remainder of Report Filed.	See BOT Report 12-A-12.
RES 114-A-12	Reimbursement for Cost of Sign Language Interpreters	Adopted as Amended.	At the federal level, the AMA continues to seek support within Congress and the Administration for legislation and/or regulations to require health insurers to fully reimburse physicians for the cost of providing sign language interpreters for hearing impaired patients. The AMA also notified the Federation about this new AMA policy and offered AMA assistance to help advance it at the state level.
RES 115-A-12	Obesity Should be Considered a Chronic Medical Disease State	Referred.	A Council on Science and Public Health report on this subject will be prepared for consideration by the House of Delegates at the 2013 Annual Meeting.

<b>Report/Resolution</b>	<b>Title</b>	<b>House Action</b>	<b>Status</b>
RES 116-A-12	Maintaining Mental Health Services by States	Adopted.	AMA Policy Database Updated.
RES 117-A-12	Patient Cost-Sharing Requirements for Hospital Inpatient and Observation Services	Substitute Resolution 117 Adopted with Change in Title.	The AMA has communicated to the Centers for Medicare & Medicaid Services (CMS) both alone and as part of a coalition of beneficiaries and other provider groups on the significant financial inequities in their current policy. CMS claims that any solution to the problem must be budget neutral and has therefore not addressed the issue. The AMA is pressing the agency to form a stakeholder advisory group to improve the policies surrounding observation care patients. The AMA also sent letters to Blue Cross Blue Shield Association (BCBSA) and America's Health Insurance Plans (AHIP) asking them to inform their member insurance companies of AMA Policy that patients be subject to the same cost sharing policies for inpatient and observation services.
RES 118-A-12	Payment Rate Parity In Ambulatory Care Settings	Referred.	A Council on Medical Service Report on this subject will be prepared for consideration by the House of Delegates at the 2013 Annual Meeting.
RES 119-A-12	Value-Based Payment Modifier	Policies H-390.849, H-400.984 and D-400.985 Reaffirmed in Lieu of Resolution 119.	AMA Policy Database Updated.
RES 120-A-12	Political Proposals for Reducing the Cost of Healthcare	Policy H-165.888 Reaffirmed in Lieu of Resolution 120.	AMA Policy Database Updated.
RES 121-A-12	Patient Access to Therapeutics	Adopted.	The AMA has established an ongoing workgroup which interacts with senior Centers for Medicare & Medicaid Services (CMS) staff on a whole host of Part D issues. The topics raised in this resolution have been under consideration by the workgroup and incorporated into the discussions with CMS.
RES 122-A-12	Medicare Price Adjustment Methodology	Policies H-390.849, D-390.963, H-400.984, H-400.988 and D-400.985 Reaffirmed in Lieu of Resolution 122.	AMA Policy Database Updated.
RES 123-A-12	Medicare-Medicaid Dual Eligible Demonstration Program	Adopted.	The AMA sent an extensive letter to the Centers for Medicare & Medicaid Services (CMS) administrator requesting that CMS delay implementation of the Medicare-Medicaid dual eligible demonstration program to allow beneficiaries and providers time to understand the initiative along with several other recommendations. Further, an issue brief was shared with the Federation on dual eligibles which includes key issues states should consider in reviewing proposed demonstration projects.
RES 125-A-12	Oncofertility and Fertility Preservation Treatment	Policies H-165.856 and D-330.918 Reaffirmed in Lieu of Resolution 125.	AMA Policy Database Updated.

<b>Report/Resolution</b>	<b>Title</b>	<b>House Action</b>	<b>Status</b>
RES 126-A-12	Medicare Financing Options	Substitute Resolution 126 Adopted with Change in Title.	Council on Medical Service Report 5 on this subject appears in the Delegates Handbook for the 2012 Interim Meeting. (Reference Committee J)
RES 201-A-12	Support for Drug Courts	Adopted as Amended.	All state medical associations and national medical specialty societies have been notified of AMA's willingness to work with, and encourage, them to advocate for the establishment of drug courts.
RES 202-A-12	Support for Medical Amnesty Policies for Underage Alcohol Intoxication	Adopted as Amended.	AMA Policy Database Updated.
RES 203-A-12	PPACA Education Directive	Adopted.	The go/aca page was posted on the AMA website, and posted home page hero to promote the page. There was a special feature in AMA Wire July 18 to educate physicians, promoting the go/aca page. HSR Insight was used to tell physicians how the AMA is helping shape implementation of the ACA in the states. Federation News noted all of the above in special communications with Federation staff and communicators. The ACA fliers have been distributed through the Board office, Federation Relations and Membership.
RES 205-A-12	Reform the US Farm Bill to Improve US Public Health and Food Sustainability	Policy D-150.978 Reaffirmed in Lieu of Resolution 205.	AMA Policy Database Updated.
RES 207-A-12	Clear and Convincing Evidence	Referred.	A Board of Trustees Report on this subject will be prepared for consideration by the House of Delegates at the 2013 Annual Meeting.
RES 209-A-12	Support of the Legal Right of Civil Marriage Between Any Two Consenting Adults	Policy H-65.973 Reaffirmed in Lieu of Resolution 209.	AMA Policy Database Updated.
RES 210-A-12	Stimulate Antibiotic Research and Development	Adopted as Amended.	The "Food and Drug Innovation & Safety Act", S. 3187 was signed into law on July 9, 2012. This legislation included significant portions of the AMA-supported "Generating Antibiotic Incentives Now Act" (GAIN), sponsored by Representatives Phil Gingrey, MD (R-GA) and Gene Green (D-TX), and Senators Richard Blumenthal (D-CT) and Bob Corker (R-TN). The provisions in this law will provide meaningful and necessary regulatory modifications to address this issue.
RES 212-A-12	Medicare Records Retention and Overpayment Recoupment	Adopted.	The AMA continues to aggressively advocate for recoupment and overpayment policies which are fair to physicians including a comment letter sent to CMS signed by the AMA and 100 state and specialty medical societies in which we pushed for limiting recoupment policies for overpayments to the current six year requirement rather than ten years, as proposed by HHS.

<b>Report/Resolution</b>	<b>Title</b>	<b>House Action</b>	<b>Status</b>
RES 213-A-12	Revise the Patient Protection and Affordable Care Act	Resolution 239 Adopted as Amended in Lieu of Resolutions 213 and 243.	See RES 239-A-12.
RES 214-A-12	Repeal of CMS' 2012 MPPR Rule	Adopted.	The AMA sent letters to Sen. Ben Cardin (D-MD) and Rep. Pete Olsen (R-TX) in support of their legislation eliminating the scheduled Multiple Procedure Payment Reduction (MPPR) cuts. AMA support for this legislation has also been communicated to the appropriate committees of jurisdiction.
RES 215-A-12	Protecting Physicians with Multiple Tax ID Numbers	Adopted.	AMA Policy Database Updated.
RES 216-A-12	Time Limits for Recovery Audit Contractor Reviews	Adopted.	The AMA has aggressively advocated against the Recovery Audit Contractor (RAC) program and consequently, we have secured safeguards to limit the burden on physician practices, including securing a shortened timeframe that a RAC can go back and recover monies from four years to three years. The AMA has urged the Centers for Medicare & Medicaid Services (CMS) to limit RAC reviews to a one year look back period.
RES 217-A-12	Expression of Concerns Regarding Implementation of COOP Program	Adopted as Amended.	Notified all state medical associations and national medical specialty societies of our willingness to work with, and encourage, them to advocate that the Consumer Operated and Oriented Plan (COOP) advisory board and HHS ensure that new insurance issuers, including those with physician involvement, benefit from start-up loans.
RES 218-A-12	Pharmacist Prescribing	Resolution 218 Adopted as Amended in Lieu of Resolution 240.	AMA Policy Database Updated.
RES 219-A-12	Physician Mandate to Check Patients Controlled Substance Usage	Adopted as Amended.	AMA Policy Database Updated.
RES 220-A-12	Extension of Stark Law Exception and Anti-Kickback Statute Safe Harbor for Donation of EHR Products and Services	Adopted.	AMA has repeatedly urged the Department of Health and Human Services (HHS) to extend the Stark exception and anti-kickback safe harbor that allows physicians to accept donations of EHR products and services. AMA has done numerous letters and testimony in 2012 which have addressed this topic.
RES 221-A-12	Prescription Drug Monitoring Program Confidentiality	Adopted as Amended with Change in Title.	All state medical associations and national medical specialty societies have been notified of AMA's willingness to work with, and encourage them, in advocating for the recommendations regarding PDMPs contained in this resolution.
RES 222-A-12	Work-Related Abuses of IMG Physicians Working Under the Conrad-30 Program	Referred.	A Board of Trustees Report on this subject will be prepared for consideration by the House of Delegates for the 2013 Annual Meeting.

<b>Report/Resolution</b>	<b>Title</b>	<b>House Action</b>	<b>Status</b>
RES 223-A-12	Prescription Drug Diversion, Misuse and Addiction	Adopted as Amended.	The Association of American Medical Colleges, American Association of Colleges of Osteopathic Medicine, American Osteopathic Association and Accreditation Council for Graduate Medical Education were notified of the House action. The House action also was transmitted to each medical school, residency program director, directors of medical education at U.S. teaching hospitals and other interested groups via the MedEd Update.
RES 225-A-12	Separate Palliative Deaths from the Mortality Statistics	Referred.	A Board of Trustees Report on this subject will be prepared for consideration by the House of Delegates at the Annual 2013 Meeting.
RES 226-A-12	Three-Day Payment Window Rule	Adopted as Amended.	The AMA originally requested a year long delay in the implementation of the modified three-day payment window policy, and the Centers for Medicare & Medicaid Services (CMS) responded by delaying the policy for six months. Prior to the implementation of the policy, which was required by Congress, on July 1, 2012, the AMA and the Medical Group Management Association sent a joint letter laying out a case for further delay. Several lengthy conversations were held with CMS staff in charge of implementing the policy. In the end, however, CMS chose not to extend the deadline.
RES 228-A-12	Clinical Decision Support and Malpractice Risk	Adopted as Amended.	All state medical associations and national medical specialty societies have been notified of AMA's willingness to work with, and encourage, them to advocate in interested states for a "safe harbor" for physicians who use a consensus-based drug-drug interaction list in their clinical decision support software package.
RES 229-A-12	Physicians' Ability to Negotiate	Adopted.	The AMA wrote a letter of support for H.R. 1409, Representative Conyers legislation the "Quality Health Care Coalition Act of 2011," which would allow health care professionals to jointly negotiate with health plans regarding terms that affect patient care, thus restoring physicians' ability to advocate for quality care for their patients and strengthening the patient-physician relationship. Additionally the AMA wrote Chairman Bob Goodlatte (R-VA), of the House Committee on the Judiciary's Subcommittee on Intellectual Property, Competition and the Internet, where H.R. 1409 had been referred urging the Subcommittee to act on the legislation. Finally, the AMA developed two comprehensive "How to" manuals entitled "ACOs, CO-OPs and other Options: A 'How to' manual for physicians navigating a post-health reform world," and "Evaluating and Negotiating Emerging Payment Options" that provide guidance concerning key governance issues and how to identify, and negotiate, successfully integrated business models.
RES 231-A-12	Establishment of Limited Population Antibacterial Drug Approval Pathway	Adopted as Amended.	On July 9, 2012, the President signed into law the Food and Drug Administration Safety and Innovation Act, Public Law No: 112-144, which contains AMA supported provisions that will enhance the incentives available to manufacturers to support the development of next generation antibiotics. In addition, the new law contains provisions in line with the establishment of a limited population antibacterial drug approval pathway.

RES 233-A-12	Physician Payments Sunshine Act	Substitute Resolution 233 Adopted in Lieu of Resolutions 233 and 238 with Change in Title.	Prior to passage of the Sunshine Act as part of the ACA, AMA met with staff of Senators Kohl (D-WI) and Grassley (R-IA), the sponsors of the legislation to secure many improvements prior to passage. CMS issued a proposed rule in December 2011 that raised many concerns. AMA prepared a letter that 49 medical specialty societies and 43 state medical associations joined expressing concerns to CMS. Final regulations have not been issued. AMA staff have met with the sponsors of the bill and contacted CMS urging them to revisit their work on the rule, including narrowly defining precise payment categories; ensuring reports are accurate and have a mechanism by which the agency can update errors on a quarterly basis (as opposed to once a year); considering requiring manufacturers to share reports with physicians before the reports are submitted to CMS; etc. Dr. Lazarus also participated in a forum convened by the bill sponsors to discuss Sunshine Act implementation, and carried forward AMA recommendations on this act.
RES 234-A-12	Oppose Legislation to Exempt Cigars from FDA Oversight	Adopted as Amended.	Through our coalition work, the AMA has sent letters to the bill sponsors of S. 1461 and H.R. 1639, in opposition to their legislation which seeks to exempt certain cigars from FDA regulation. In addition the AMA cosigned a letter to the Chairman and Ranking Member of the House Committee on Appropriations thanking them for not adopting any amendments cutting funding for the FDA's Center for Tobacco Control or weakening FDA regulation of tobacco. The AMA cosigned a similar letter to the entire U.S. House on June 27 urging members to reject any amendments weakening FDA's authority to regulate tobacco and opposing H.R.1639 for this reason.
RES 235-A-12	Opposition of FDA's Rx to OTC Paradigm Shift	Adopted.	The AMA submitted comments during the public comment period expressing concerns about the proposed pathway for expanding the types of drugs that could be considered nonprescription. AMA staff also attended an FDA-sponsored stakeholder session in October on the topic. The initiative has been renamed the "Non-prescription Safe-Use Regulatory Expansion." AMA staff will continue to closely monitor development in this area.

RES 403-A-12	Stigmatization of Mental Health Disorders Within the Medical Profession	Referred for Decision.	<p>The Board considered a report on Resolutions 403, 411, 414, 429 and 431-A-12. These resolutions address different but overlapping aspects of physician health and wellness, including stigmatization and discrimination. These sensitive issues are currently being addressed by the AMA. The AMA Office of Physician Health and Health Care Disparities has increased its presence in this arena recently by providing various tools, resources, and continuing medical education opportunities for physicians on physician health and wellness. The AMA Council on Science and Public Health has been active generating reports on physician health. The AMA is represented on both the Federation of State Physician Health Programs (FSPHP) Task Force on Educating Physicians on Physician Health Programs and the recently convened Federation of State Medical Board (FSMB) Special Committee on Re-entry for Formerly Impaired Physicians.</p> <p>The Board VOTED to adopt the following Substitute Resolution 403 in lieu of Resolutions 403, 411, 414, 429, and 431:</p> <p>ISSUES RELEVANT TO PHYSICIAN HEALTH AND WELLNESS AND LICENSURE</p> <p>RESOLVED, that Policies H-345.981, H-235.977, H-275.949, H-405.961, D-275.974, and E-9.0305 be reaffirmed.</p> <p>RESOLVED that Policy D-405.990-Educating Physicians About Physician Health Programs be amended by the addition of a new section 4 to read as follows: 1) Our AMA will work closely with the Federation of State Physician Health Programs (FSPHP) to educate our members as to the availability and services of state physician health programs to continue to create opportunities to help ensure physicians and medical students are fully knowledgeable about the purpose of physician health programs and the relationship that exists between the physician health program and the licensing authority in their state or territory; 2) Our AMA will continue to collaborate with relevant organizations on activities that address physician health and wellness; 3) Our AMA will, in conjunction with the FSPHP, develop state legislative guidelines addressing the design and implementation of physician health programs; and 4) Our AMA will work with FSPHP to develop messaging for all Federation members to consider regarding elimination of stigmatization of mental illness and illness in general in physicians and physicians in training.</p>

RES 415-A-12	Taskforce on Medical Disaster Response and Indigent Care	Referred for Decision.	<p>The Board considered a report on Resolution 415-A-12 which asked the AMA to: (1) form a taskforce to collect information about, and address, coordination issues among, existing medical disaster response teams and plans, including those of state component medical societies, hospitals, the medical reserve, and federal and state-sponsored disaster medical assistance teams, (2) that this AMA taskforce work to define the AMA's and local medical societies' roles in response to a disaster; that it prepare recommendations for improved coordination among the various teams and plans that involve physician participation and that it investigate liability coverage issues for participating physicians, and (3) that this AMA taskforce also address the separate issue of physicians volunteering to fill unmet medical needs of indigent persons, including liability coverage for physician volunteers. Policy D-130-974, "Emergency Preparedness," addresses the issues raised in Resolution 415-A-12. Amending that policy to reflect the fact that the AMA's responsibilities in the NDLS program has been transferred to NDLSF expresses the AMA's continued support for the intent of the resolution without attenuating the AMA's focus on its new strategic direction.</p> <p>The Board VOTED to amend AMA Policy D-130.974 as follows in lieu of Resolution 415-A-12:</p> <p>D-130.974 Emergency Preparedness  Our AMA (1) encourages state and local public health jurisdictions to develop and periodically update, with public and professional input, a comprehensive Public Health Disaster Plan specific to their locations. The plan should: (a) provide for special populations such as children, the indigent, and the disabled; (b) provide for anticipated public health needs of the affected and stranded communities including disparate, hospitalized and institutionalized populations; (c) provide for appropriate coordination and assignment of volunteer physicians; and (d) be deposited in a timely manner with the Federal Emergency Management Agency, the Public Health Service, the Department of Health and Human Services, the Department of Homeland Security and other appropriate federal agencies; and (2) encourages the Federation of State Medical Boards to implement a clearinghouse for volunteer physicians (MDs and DOs) that would (a) validate licensure in any state, district or territory to provide medical services in another distressed jurisdiction where a federal emergency has been declared; and (b) support national legislation that gives qualified physician volunteers (MDs and DOs), automatic medical liability immunity in the event of a declared national disaster or federal emergency.</p>

RES 521-A-12	Physician Awareness and Education About Pharmaceutical and Biological Risk Evaluation and Mitigation	Adopted as Amended.	<p>Council on Science and Public Health Report 3 in response to Resolve 1, appears in the Delegates Handbook for the 2012 Interim Meeting. (Reference Committee K)</p> <p>With respect to Resolve 2, of the three forms a REMS can take, the one most concerning to physicians are those that include “elements to assure safe use” (ETASU) as these have the greatest impact on physician workflow. Of the 69 products with approved REMS, 26 include ETASU and another 3 are approved single share system REMS which also require ETASU. Unfortunately, these programs are primarily paper-based and have not been incorporated in eprescribing programs – standalone or as components of EHRs. Management has prepared a letter addressed to eprescribing market leaders asking them to include links to specific ETASU REMS, as appropriate, in their formulary, prior authorization or decision support functions so that physicians are not required to go to the FDA website (<a href="http://www.fda.gov/Drugs/DrugSafety/PostmarketDrugSafetyInformationforPatientsandProviders/ucm111350.htm">http://www.fda.gov/Drugs/DrugSafety/PostmarketDrugSafetyInformationforPatientsandProviders/ucm111350.htm</a>) and search to see if a ETASU REMS exists for a specific drug they are planning to prescribe.</p>

RES 609-A-12	Healers and Heroes Program	Referred for Decision.	<p>The Board considered a report on Resolution 609-A-12, which asked the AMA to institute a national program based on New Jersey's Healers and Heroes Program, or Vet2Vet program, that will confidentially connect military personnel returning from deployment with physician volunteers who have previous military service to provide counsel for their healthcare needs. The report noted that early in 2012, the AMA joined with the federal government in supporting the Joining Forces Initiative. This federal initiative highlights three issues of special importance to veterans and their families: employment, education, and wellness. Additionally, through our website, the AMA supports veteran health and wellness by connecting physicians with information, tools and training materials to help assess and treat our nation's veterans and their families. The AMA has chosen to align itself with Joining Forces rather than create a program of its own or one similar to the MSNJ program. Although the fiscal note on the resolution was indeterminate, the resources to set up a nationwide confidential program would be considerable and duplicate efforts already under way in some states, by the Departments of Veteran Affairs and Defense, and the White House.</p> <p>The Board VOTED to not adopt Resolution 609-A-12, and the AMA will continue to update and promote our Web page with information and tools for physicians in supporting veteran health.</p>

RES 710-A-12	Support Integration of Care for Returning Military, Veterans and Their Families by Opening Access to the States' Prescription Monitoring Programs by VA Prescribing Providers	Referred for Decision.	<p>The Board considered a report on Resolution 710-A-12 which asked the AMA to advocate to the VA that their health care providers be permitted to utilize state-based prescription (drug) monitoring programs (PDMP) in order to improve the medical management of patients with mental health and/or substance use disorders. Resolution 710 also urged increased collaboration among the Department of Veterans Affairs, Veterans Service Organizations, and non-VA based physicians to encourage community-based care. Current AMA Policy H-95.947—Prescription Drug Monitoring to Prevent Abuse of Controlled Substances—supports the development of state-based PDMPs that are: (1) inter-operative; (2) serve as a tool for addressing patient misuse and diversion of controlled substances; and (3) provide real time access to a patient's controlled substances prescriptions. The number of states that share PDMP information is increasing with the assistance of integrated software platforms that enable this practice. The Consolidated Appropriations Act of 2102 (P.L. 112-74) authorized the Secretary of the VA to share VA-based prescription information with PDMPs. Accordingly, a legislative remedy is in place that addresses the intent of Resolution 712-A-12.</p> <p>The Board VOTED to adopt Substitute Resolution 710-A-12 to read as follows</p> <p>RESOLVED, That our American Medical Association (AMA) urge the Secretary of the Department of Veterans Affairs (VA) to implement procedures allowing and encouraging VA-based health care providers to access and utilize state-based prescription drug monitoring programs in order to improve risk assessment and medical management of their patients receiving prescriptions for controlled substances. RES 713-A-12	Transparency in Recruiting and Marketing Techniques for Young Physicians	Adopted.	The AMA has created resources related to recruiting aimed to help physicians who are both newly trained and seasoned professionals. AMA members can request personal assistance on matters pertaining to their employment and other professional relationships. The AMA cannot provide legal opinions or representation but is dedicated to answering questions and providing advice on such topics as contracting, credentialing, peer review, due process, and medical staff governance. The AMA also has developed a Succeeding from Medical School to Practice guide. This comprehensive, easy-to-navigate online resource includes a wealth of valuable information plus streaming video to help medical students, residents, fellows and young physicians confront the nonclinical demands of training and today's practice environment. This guide offers AMA members the tools needed to succeed at every stage of their career. More information can be found on the OMSS webpage.
