Action: Reaffirmed

Type: Annual

Council & Committees: Council on Science and Public Health

Our AMA supports accelerating its ongoing efforts to work responsibly with Congress, senior citizen groups, and other interested parties to address the health care needs of seniors. These efforts should address but not be limited to: (1) multiple hospital admissions in a single calendar year;

(2) long-term care;

(3) hospice and home health care; and

(4) pharmaceutical costs.
