

Speaker

Po-Yin Samuel Huang, MD

Specialty: Family Medicine

Location: Los Angeles, California

Endorsements: PacWest Conference, American Academy of Family Physicians, California Medical Association Young Physician Section

Statement of Interest

I am running for the speaker position because I believe this is the best way for me to serve my colleagues at AMA-YPS. It has been a great honor and pleasure participating in the policy making process at AMA-YPS assembly. Witnessing effective speakers guiding discussion in 3 various policy making bodies have inspired me to learn more about parliamentary procedure through becoming a member of the American Institute of Parliamentarian and completing the AIP West Coast practicum in 2019. Through serving as the presiding officer or parliamentarian in various organizations (vice-chair of LACMA delegation to CMA, chair of CMA-YPS, parliamentarian of AAFP National Conference of Constituency Leaders), I have gained experience in the art and science of running an effective meeting. While it is important to understand and adhere to parliamentary law and rules of order, I believe the most important role of the speaker is to facilitate and guide the assembly's deliberations to reach resolutions and positions that reflect the will of the assembly. Furthermore, I stand ready to help carry out that will and serve the assembly to my utmost ability.
