

Memo to: AMA Senior Physicians Section Members

From: Louise B. Andrew, MD, JD, Delegate
Thomas Sullivan, MD, Alternate Delegate

Date: November 2, 2020

Subject: SPS Assembly Meeting - Sun. Nov. 8 (1-2 pm CST)

Due to technical limitations imposed on us this year, we would like to emphasize that in order to be "heard" you will need to submit written testimony in advance of the meeting or use the chat function during the live meeting. For those who would like to be acknowledged, we ask that you send your testimony for the attached HOD Handbook grid to sps@ama-assn.org before Sunday, November 8. We will attempt to discuss as many of the comments we receive during the meeting itself.

The SPS is guided by an initial review to make sure that the proposed action benefits senior physicians 65 and above, both active and retired, and/or their patients. The SPS Delegate and SPS Alternate Delegate appreciates you working with us in advance to help manage our shortened timeframe.
