Let myself or any member of SLC know if you are interested in getting involved in a campaign. It is a great way to get involved and see the inner workings of the AMA leadership pathways.

I also want to highlight Alex Ding, MD, who with the YPS endorsement, won re-election to CSAPH. He was then elected as the Chair-Elect of the CSAPH and is one of the first young physicians to chair an AMA Council.

Thanks all! Remember the SLC is here to help you grow into the leader that you seek to be within organized medicine.

Hilary E. Fairbrother, MD, MPH
