

Errata and Technical Corrections – CPT® 2021

Date: December 1, 2020

The information that follows is sourced to either a publication errata or a technical correction by the CPT Editorial Panel. An errata (denoted as **E**) for the current edition of the CPT code set will publish information that was approved by the CPT Editorial Panel and inadvertently excluded from the current code set. Technical corrections (denoted as **T**) are clarifications of original Panel intent for the current code structure. All items below are errata if they are not designated as a technical correction in the right-hand column. The order of the entries on this document is by code order. Additionally, each entry shows the date of publication to this document. The links immediately following are provided as a guide to the most recently added items. **The effective date for each item is January 1, 2021.** Updates to this document are made as issues surface requiring clarification.

Most recent entries added to *Errata and Technical Corrections - CPT® 2021*

- **Revise guideline in the Medicine Cardiac Catheterization subsection.**
- **Revise medium descriptor file for code 87426.**
