The proposed agenda for the February 2021 CPT Editorial Panel meeting shows the code application names, code(s) affected, and a description of the request. The Code Numbers and Request Descriptions detailed in this document are extracted from Code Applications submitted for discussion at this meeting. **Until such time as the CPT Editorial Panel acts on these requests, the information that appears in this Proposed Agenda is provided for informational purposes only, giving interested individuals the information to help determine whether or not to attend the meeting and provide comment on a given topic(s).**

Codes that contain an 'X' (e.g., 1002X4, 234X2X, 0301XT) below are placeholder codes that are intended, through the first three digits, to give readers an idea of the proposed placement in the code set of the potential code changes. **These codes are not used for claims reporting and will be removed and not retained when the final CPT Datafiles are distributed on, or near, August 31st of each year. To report the services for "X" codes listed on this form, please refer to the actual codes as they appear in the CPT Datafiles publication distributed on, or near, August 31st of the corresponding year.**

Upon review of this agenda, if the reviewer believes that they will need to provide comment on an issue, they should send a request for a copy of the application and associated materials to Michael Pellegrino. This request for review of the agenda materials should contain the identity of the interested party seeking such and a brief summary of the basis for the request (e.g., associated vendor/ industry representative).

Any interested parties wishing to provide written comments on any agenda items should be aware of the following relevant deadlines for provision of written comments on the agenda to ensure comment review by all parties. Additional verbal comments on any issue can be provided in person at the Panel meeting following a statement of conflict of interest. The applicant(s) who submitted the original code change application is automatically considered an interested party and are notified by AMA staff of any request for review submitted by another party.

*Interested party requests will not be processed until the interested party submits a signed confidentiality agreement and disclosure of interest form. Interested party requests will be processed within 5 days of receipt of the requested forms. Commenters will follow the deadline instructions in the correspondence provided by AMA staff. The deadline for request to review any non-Pathology/Laboratory code change applications is **January 14, 2021.** The deadline for submission of written comments for non-Pathology/Laboratory applications is **January 21, 2021**.

Issues	Tabs	Deadline to Request Materials	Comments Deadline (Noon, CST)
All Non-Pathology Issues	**6-20, 28-48**	**January 14, 2021**	**January 21, 2021**
Path/Lab (other than MoPath)	**21-27**	**November 20, 2020**	**November 30, 2020**

During the time between now and the Panel meeting, the agenda will more than likely be modified to reflect changes (additions, deletions or updates). Please check back frequently for the most up to date information. Outcomes on these actions will be found in the CPT Editorial Panel Summary of Actions for the May 2021 meeting which will be published on or before March 8 to the CPT home page of the AMA website.

Tab #	Name	Code #	Request-Description
22	Interleukin 6 Immunoassay	●835X1	Establish code 835X1 to report Interleukin 6 testing for evaluation of inflammation, diabetes, stroke, or CVD
23	Light Chains (Kappa and Lambda) Testing	●8352X	Establish code 8352X to report light chains (kappa, lambda)
24	Neuromyelitis Optica (NMO) Antibody Testing	●860XX ●860X1 ●860X2 ●863X2 ●863X3	Establish 5 codes to identify aquaporin-4 (860XX, 860X1, 860X2) and myelin oligodendrocyte glycoprotein (MOG-IgG1) (863X2, 863X3) antibody testing for autoimmune et al disorders
25	Endomysial Antibody (EMA) Ig Test-Celiac Dx	●862XX	Establish code 862XX to report Endomysial Antibodies for each immunoglobulin class
26	Deamidated Gliadin Peptide (DGP) Ig Test-Celiac Dx	●862X0	Establish code 862X0 to report Gliadin (deamidated) (DGP) antibodies for each immunoglobulin class
27	Tissue transglutaminase (TTG) Ig Test-Celiac Dx	●862X1	Establish code 862X1 to report Tissue transglutaminase for each immunoglobulin class
28	Hepatitis B 3-antigen Vaccine	●9074X	Establish code 9074X to report Hepatitis B vaccine (HepB), 3-antigen (S, Pre-S1, Pre-S2), produced in a mammalian cell line, adult dosage, 3-dose schedule, for intramuscular use
29	Medically Tailored Meal Services	●99X00	Establish code 99X00 to report Medically Tailored Meal Services
30	Human Milk Donation Services	--------------- ----------------	**WITHDRAWN**
31	Indirect Calorimetry Test	●946X3 ●946X4	Establish codes 946X3, 946X4 to report indirect calorimetry tests on-site and remotely
