# **Best Practice Tips**

The following are tips to prepare for the best virtual meeting experience:

- If possible, connect to the Internet via an Ethernet cable. If using WiFi, ensure that you are close to your wireless router and that your connection is stable.
- Headsets are helpful for hearing audio and speaking more clearly.
- Speakers from the floor will be able to be seen on webcam while speaking, although a webcam is not necessary to participate in the Zoom Webinar. To share your webcam video, ensure you have a webcam built into your computer, or connect a free-standing one.
- We recommend using Zoom on a computer rather than a mobile device.
  - Please keep your microphone muted in Zoom until prompted.
- You can log into both Zoom Webinar and Lumi **up to 30 minutes** before, and ideally **at least 15 minutes before** each session.

- Familiarize yourself with Zoom:
  - Make sure you **log into Zoom with your first and last name** so production staff can easily find you in the list and unmute your microphone if you will speak.
  - Raise your hand icon use when prompted.

- $\circ$   $\;$  Turn on your camera in the bottom left corner after the brief pause in Zoom.
- Unmute ONLY when called upon to speak using the icon in the bottom left corner.

# **Practice Sessions**

## Troubleshooting

• Participants with technical issues should email <u>HODMeetingSupport@ama-assn.org</u> (please include a phone number); we will contact you back as soon as possible to assist. ### FAQs

- What is my username to log into the Lumi platform?
  - Delegates should have two alphanumeric codes: a **Business Credential** beginning with the letter "B" to be used for the reference committees and business sessions and **an Election Credential** beginning with the letter "E" for the Election Session only. These were sent by US mail on the yellow cover sheet attached to the *Speakers' Letter* and will be emailed separately to you as well. Delegates may share their Business Credential with their alternate delegate, but only one person can be logged in with the credential at a time. The password for business sessions and reference committees is *2021special* (lower case) and with the Election Credential *elect2021a* (note lowercase "a" at end). Alternates and others may log into the Lumi platform as "guests" and simply input your first and last name.
- Does the platform allow for participants to group chat with each other and other voting members during the virtual meeting?

No, the chat and message functions are not enabled to allow participants to communicate with one another. Participants are responsible for determining a preferred method of communications outside of the provided Lumi platform and Zoom platform. Some options include use of free group chat platforms like Slack, group text or email chains, conference lines, or apps like GroupMe.

### • How do I vote?

When a motion / resolution is put before the meeting, the voting will automatically pop up within your Lumi platform. Simply click on your selection to cast your vote.

### • Which browsers are supported?

It is recommended to use the latest versions of Chrome, Firefox, Edge or Safari. Do not use Internet Explorer.
