MEMORANDUM FROM THE SPEAKER OF THE HOUSE OF DELEGATES

- All Delegates, Alternate Delegates and others receiving this material are reminded that it refers only to items to be considered by the House.
- No action has been taken on anything herein contained, and it is informational only.
- Only those items that have been acted on finally by the House can be considered official.
- **REMINDER:** *Only the Resolve portions of the resolutions are considered by the House of Delegates. The Whereas portions or preambles are informational and explanatory only.*

UNDERSTANDING THE RECORDING OF AMERICAN MEDICAL ASSOCIATION POLICY

Current American Medical Association (AMA) policy is catalogued in PolicyFinder, an electronic database that is updated after each AMA House of Delegates (HOD) meeting and available online. Each policy is assigned to a topical or subject category. Those category headings are alphabetical, starting with “abortion” and running to “women”; the former topic was assigned the number 5, and “women” was assigned 525. Within a category, policies are assigned a 3 digit number, descending from 999, meaning that older policies will *generally* have higher numbers within a category (eg, 35.999 was initially adopted before 35.984). A policy number is not affected when it is modified, however, so a higher number may have been altered more recently than a lower number. Numbers are deleted and not reused when policies are rescinded.

AMA policy is further categorized into one of four types, indicated by a prefix:

- “H” – for statements that one would consider positional or philosophical on an issue
- “D” – for statements that direct some specific activity or action. There can be considerable overlap between H and D statements, with the assignment made on the basis of the core nature of the statement.
- “G” – for statements related to AMA governance
- “E” – for ethical opinions, which are the recommendations put forward in reports prepared by the Council on Ethical and Judicial Affairs and adopted by the AMA-HOD

AMA policy can be accessed at ama-assn.org/go/policyfinder.

The actions of the AMA-HOD in developing policy are recorded in the *Proceedings*, which are available [online](#) as well. Annotations at the end of each policy statement trace its development, from initial adoption through any changes. If based on a report, the annotation includes the following abbreviations:

BOT – Board of Trustees	CME – Council on Medical Education
CCB – Council on Constitution and Bylaws	CMS – Council on Medical Service
CEJA – Council on Ethical and Judicial Affairs	CSAPH – Council on Science and Public Health
CLRPD – Council on Long Range Planning and Development	

If a resolution was involved, “Res” is indicated. The number of the report or resolution and meeting (A for Annual; I for Interim) and year (two digits) are also included (eg, BOT Rep. 1, A-14 or Res. 319, I-12).

AMA policy is recorded in the following categories, and any particular policy is recorded in only a single category.

**DECLARATION OF PROFESSIONAL RESPONSIBILITY:
MEDICINE'S SOCIAL CONTRACT WITH HUMANITY**

Preamble

Never in the history of human civilization has the well-being of each individual been so inextricably linked to that of every other. Plagues and pandemics respect no national borders in a world of global commerce and travel. Wars and acts of terrorism enlist innocents as combatants and mark civilians as targets. Advances in medical science and genetics, while promising great good, may also be harnessed as agents of evil. The unprecedented scope and immediacy of these universal challenges demand concerted action and response by all.

As physicians, we are bound in our response by a common heritage of caring for the sick and the suffering. Through the centuries, individual physicians have fulfilled this obligation by applying their skills and knowledge competently, selflessly and at times heroically. Today, our profession must reaffirm its historical commitment to combat natural and man-made assaults on the health and well-being of humankind. Only by acting together across geographic and ideological divides can we overcome such powerful threats. Humanity is our patient.

Declaration

We, the members of the world community of physicians, solemnly commit ourselves to:

1. Respect human life and the dignity of every individual.
2. Refrain from supporting or committing crimes against humanity and condemn all such acts.
3. Treat the sick and injured with competence and compassion and without prejudice.
4. Apply our knowledge and skills when needed, though doing so may put us at risk.
5. Protect the privacy and confidentiality of those for whom we care and breach that confidence only when keeping it would seriously threaten their health and safety or that of others.
6. Work freely with colleagues to discover, develop, and promote advances in medicine and public health that ameliorate suffering and contribute to human well-being.
7. Educate the public and polity about present and future threats to the health of humanity.
8. Advocate for social, economic, educational, and political changes that ameliorate suffering and contribute to human well-being.
9. Teach and mentor those who follow us for they are the future of our caring profession.

We make these promises solemnly, freely, and upon our personal and professional honor.

Adopted by the House of Delegates of the American Medical Association
in San Francisco, California on December 4, 2001

Delegate/Alternate Delegate Job Description, Roles and Responsibilities

At the 1999 Interim Meeting, the House of Delegates adopted as amended Recommendation 16 of the final report of the Special Advisory Committee to the Speaker of the House of Delegates. This recommendation included a job description and roles and responsibilities for delegates and alternate delegates. The description and roles and responsibilities were modified at the 2002 Annual Meeting by Recommendation 3 of the Joint Report of the Board of Trustees and Council on Long Range Planning and Development. The modified job description, qualifications, and responsibilities are listed below.

Delegates and Alternate Delegates should meet the following job description and roles and responsibilities:

Job Description and Roles and Responsibilities of AMA Delegates/Alternate Delegates

Members of the AMA House of Delegates serve as an important communications, policy, and membership link between the AMA and grassroots physicians. The delegate/alternate delegate is a key source of information on activities, programs, and policies of the AMA. The delegate/alternate delegate is also a direct contact for the individual member to communicate with and contribute to the formulation of AMA policy positions, the identification of situations that might be addressed through policy implementation efforts, and the implementation of AMA policies. Delegates and alternate delegates to the AMA are expected to foster a positive and useful two-way relationship between grassroots physicians and the AMA leadership. To fulfill these roles, AMA delegates and alternate delegates are expected to make themselves readily accessible to individual members by providing the AMA with their addresses, telephone numbers, and e-mail addresses so that the AMA can make the information accessible to individual members through the AMA web site and through other communication mechanisms. The qualifications and responsibilities of this role are as follows:

A. Qualifications

- AMA member.
- Elected or selected by the principal governing body or the membership of the sponsoring organization.
- The AMA encourages that at least one member of each delegation be involved in the governance of their sponsoring organization.

B. Responsibilities

- Regularly communicate AMA policy, information, activities, and programs to constituents so he/she will be recognized as the representative of the AMA.
- Relate constituent views and suggestions, particularly those related to implementation of AMA policy positions, to the appropriate AMA leadership, governing body, or executive staff.
- Advocate constituent views within the House of Delegates or other governance unit, including the executive staff.
- Attend and report highlights of House of Delegates meetings to constituents, for example, at hospital medical staff, county, state, and specialty society meetings.
- Serve as an advocate for patients to improve the health of the public and the health care system.
- Cultivate promising leaders for all levels of organized medicine and help them gain leadership positions.
- Actively recruit new AMA members and help retain current members.
- Participate in the AMA Membership Outreach Program.

SUMMARY OF FISCAL NOTES (A-23)

Resolution(s)

- 510 Comparative Effectiveness Research: Modest
- 511 Regulation of Phthalates in Adult Personal Sexual Products: Minimal
- 512 Wheelchairs on Airplanes: Minimal
- 513 Substance Use History is Medical History: Minimal
- 514 Adolescent Hallucinogen-Assisted Therapy Policy: Modest
- 515 Regulate Kratom and Ban Over-The-Counter Sales: Minimal
- 516 Fasting is Not Required for Lipid Analysis: Approximately \$50k for the development of CME-accredited interactive e-learning including staff costs and external vendor contracting
- 517* Genetic Predisposition and Healthcare Disparities, Including Cardiovascular Disease in South Asians Residing in the United States: Modest
- 518* Defending NIH funding of Animal Model Research From Legal Challenges: Modest
- 519* Rescheduling or Descheduling Testosterone: Minimal
- 520* Supporting Access to At-Home Injectable Contraceptives: Minimal
- 521* Preventing the Elimination of Cannabis from Occupational and Municipal Drug Testing Programs: Minimal
- 522* Approval Authority of the FDA: Modest
- 523* Reducing Youth Abuse of Dextromethorphan: Modest
- 524* Ensuring Access to Reproductive Health Services Medications: Modest
- 601 Solicitation using the AMA Brand: Minimal
- 602 Supporting the Use of Gender-Neutral Language: Up to \$23K to review all current AMA policies and compile a report with recommendations for HOD consideration
- 603 Environmental Sustainability of AMA National Meetings: Implementation of this initiative will be a multi-million dollar undertaking due to the need for consultants to develop a plan, project management to implement measures, potential reduction of in-person meetings and travel, and the ongoing purchase of carbon credits to offset areas where AMA may not be able to reduce emissions, including, among others, utilities in rented AMA office space. Measuring and reporting on compliance will contribute to significant annual costs thereafter. It is currently impossible to provide more precise cost information given the myriad factors involved.
- 604 Speakers Task Force to Review and Modernize the Resolution Process: Modest
- 605 Equity and Justice Initiatives for International Medical Graduates: Approximately \$44K for a one-time update of the health equity strategic plan, plus ~\$24k annually to produce the requested forum
- 606* AMA Reimbursement of Necessary HOD Business Meeting Expenses for Delegates and Alternate Delegates: This policy would result in AMA being responsible for approximately \$8.1 million annually based on current AMA travel policy, estimated average costs for airfare and travel, and current number of delegates and alternate delegates
- 607* Enabling Sections of the American Medical Association: Space permitting within currently contracted venues, the incremental daily cost of expanding an AMA Section meeting beyond one day is ~\$10-\$12K per meeting, per section
- 608* Supporting Carbon Offset Programs for Travel for AMA Conferences: Implementation of this initiative will be a multi-million dollar undertaking due to the need for consultants to develop a plan, project management to implement measures, potential reduction of in-person meetings and travel, and the ongoing purchase of carbon credits to offset AMA emissions, including, among others, making mitigation efforts accessible to attendees. Measuring and reporting on compliance will contribute to significant annual costs thereafter. It is currently impossible to provide more precise cost information given the myriad factors involved.
- 609* Encouraging Collaboration Between Physicians and Industry in AI (Augmented Intelligence) Development: Approximately \$47,000 for identifying, recruiting, promoting, and facilitating industry-physician relationships through the Physician Innovation Network regarding AI.
- 610* NIH Public Access Plan: Minimal
