13

Your Rules Committee recommends that Late Resolution 1 be considered for business.

14

We find the resolution to be timely since it addresses a facet of the gun violence public

15

health crisis and, if passed, will be an important topic for the AMA Gun Violence Task

16

Force to address. Since Late Resolution 1 references incidents that occurred within the

17

last six weeks while also highlighting the stark number of gun violence injuries and

18

deaths that have happened in the first quarter of 2023, your Rules Committee believes

19

there is urgency for the AMA to act now. Therefore, your Rules Committee believes that

20

there is sufficient emergent need and explanation for the late submission and

21

recommends that Late Resolution 1 be considered for business.

1 Madame Speaker, this concludes the Report of the Rules Committee. We would like to
2 thank the authors for providing thorough background information and reasoning to the
