AMA MSS Governing Council Endorsement for the Women Physicians Section Student Representative

The MSS Governing Council is honored to endorse Adrienne Nguyen as the student member to the Women Physicians Section Governing Council. Adrienne has demonstrated exceptional dedication and leadership in multiple roles in the MSS, and her experiences underscore her readiness to take on this role. As Chair of the MSS Women in Medicine Advocacy Sub-Committee, she has spearheaded initiatives in women's health and representation in medicine. She has demonstrated consistent engagement with the MSS policy processes, first as a member of the Region 2 Resolution Committee, to serving as the committee's co-chair, to her recent election as a Region 2 Alternate delegate to the HOD. Several peers praised her speed of learning, collaborative leadership style, commitment to mentorship, and dedication to inclusivity, qualities that make her an ideal candidate for this role. With extensive involvement in AMA and exemplary leadership within MSS, Adrienne is well-positioned to serve as a strong representative on the AMA Women's Physician Section Governing Council and we have full confidence that her dedication and expertise will further strengthen relationships between the two sections to ensure mutual their success.

Sincerely,

A handwritten signature in black ink, appearing to read "Natasha Topolski". The signature is fluid and cursive, with the first name "Natasha" and last name "Topolski" clearly distinguishable.

Natasha Topolski, Chair
AMA Medical Student Section Governing Council
