1—Membership

1.1 Categories.

Categories of membership in the American Medical Association (AMA) are: Active Constituent, Active Direct, Affiliate, Honorary, and International.

1.1.1 Active Membership.

1.1.1.1 Active Constituent. Constituent associations are recognized medical associations of states, commonwealths, districts, territories, or possessions of the United States of America. Active constituent members are members of constituent associations who are entitled to exercise the rights of membership in their constituent associations, including the right to vote and hold office, as determined by their respective constituent associations and who meet one of the following requirements:

a. Possess the United States degree of doctor of medicine (MD) or doctor of osteopathic medicine (DO), or a recognized international equivalent.

b. Are medical students in educational programs provided by a college of medicine or osteopathic medicine accredited by the Liaison Committee on Medical Education or the Commission on Osteopathic College Accreditation leading to the MD or DO degree. This includes those students who are on an approved sabbatical, provided that the student will be in good standing upon returning from the sabbatical.

1.1.1.1.1 Admission. Active constituent members are admitted to membership upon certification by the constituent association to the AMA, provided there is no disapproval by the Council on Ethical and Judicial Affairs.

1.1.1.2 Active Direct. Active direct members are those who apply for membership in the AMA directly. Applicants residing in states where the constituent association requires all of its members to be members of the AMA are not eligible for this category of membership unless the applicant is serving full time in the Federal Services that have been granted representation in the House of Delegates. Active direct members must meet one of the following requirements:
a. Possess the United States degree of doctor of medicine (MD) or doctor of osteopathic medicine (DO), or a recognized international equivalent.

b. Are medical students in educational programs provided by a college of medicine or osteopathic medicine accredited by the Liaison Committee on Medical Education or the Commission on Osteopathic College Accreditation leading to the MD or DO degree. 1.1.1.2.1 **Admission.** Active direct members are admitted to membership upon application to the AMA, provided that there is no disapproval by the Council on Ethical and Judicial Affairs.

1.1.1.2.1.1 **Notice.** The AMA shall notify each constituent association of the name and address of those applicants for active direct membership residing within its jurisdiction.

1.1.1.2.1.2 **Objections.** Objections to applicants for active direct membership must be received by the Executive Vice President of the AMA within 45 days of receipt by the constituent association of the notice of the application for such membership. All objections will immediately be referred to the Council on Ethical and Judicial Affairs for prompt disposition pursuant to the rules of the Council on Ethical and Judicial Affairs.

1.1.3 **Council on Ethical and Judicial Affairs Review.** The Council on Ethical and Judicial Affairs may consider information pertaining to the character, ethics, professional status and professional activities of the applicant for membership. The Council shall provide by rule for an appropriate hearing procedure to be provided to the applicant.

1.1.4 **Rights and Privileges.** Active members are entitled to receive the *Journal of the American Medical Association* and such other publications as the Board of Trustees may authorize.

1.1.1.5.2 Active Direct Members. Active direct members shall pay their annual dues directly to the AMA.

1.1.1.5.3 Exemptions. On request, active members may be exempt from the payment of dues on January 1 following their sixty-fifth birthday, provided they are fully retired from the practice of medicine. Additionally, the Board of Trustees may exempt members from payment of dues to alleviate financial hardship or because of retirement from medical practice due to medical disability. The Board of Trustees shall establish appropriate standards and procedures for granting all dues exemptions. Members who were exempt from payment of dues based on age and retirement under Bylaw provisions applicable in prior years shall be entitled to maintain their dues-exempt status in all subsequent years. Dues exemptions for financial hardship or medical disability shall be reviewed annually.

1.1.1.5.4 Delinquency. Active members are delinquent if their dues and assessments are not received by the date determined by the House of Delegates, and shall forfeit their membership in the AMA if such delinquent dues and assessments are not received by the AMA within 30 days after a notification to the delinquent member has been made on or following the delinquency date.

1.1.2 Affiliate Members.

The pathway to affiliate membership was discontinued effective November 2015. Those individuals who were elected as affiliate members prior to 2015 may retain their affiliate membership.

1.2 Maintenance of Membership.

A member may hold only one category of membership in the AMA at any one time. Membership may be retained as long as the member complies with the provisions of the Constitution and Bylaws and Principles of Medical Ethics of the AMA.

1.3 Transfer of Membership.

Members of the AMA, except members serving full time in the Federal Services, who move to a jurisdiction in which the constituent association requires that all members of the constituent association be members of the AMA, must apply for membership in the constituent association within one year after moving into the jurisdiction to continue membership in the AMA. Unless membership in the constituent association has been granted within 2 years after application, membership in the AMA shall cease.

1.4 Discrimination.

Membership in the AMA or in any constituent association, national medical specialty society or professional interest medical association represented in the House of Delegates, shall not be denied or abridged because of sex, color, creed, race, religion, disability, ethnic origin, national origin, sexual orientation, gender identity, age, or for any other reason unrelated to character, competence, ethics, professional status or professional activities.

1.5 Termination of Membership or Other Discipline.

The Council on Ethical and Judicial Affairs, after due notice and hearing may censure, suspend, expel, or place on probation any member of the AMA for an infraction of the Constitution or these Bylaws, for a violation of the Principles of Medical Ethics, or for unethical or illegal conduct.

2—House of Delegates

2.0.1 Composition and Representation. The House of Delegates is composed of delegates selected by recognized constituent associations and specialty societies, and other delegates as provided in this bylaw.

2.0.1.1 Qualification of Members of the House of Delegates. Members of the House of Delegates must be active members of the AMA and of the entity they represent.

2.0.1.2 Representation. The representational role of the delegates is multi-dimensional and includes:

a. Advocacy for patients to improve the health of the public and the health care system.

b. Representation of the perspectives of the delegate’s sponsoring organization to the House of Delegates.
c. Representation of the delegate’s physician constituents in the decision-making process of the House of Delegates.

d. Representation of the AMA and the House of Delegates to physicians, medical associations, and others.

e. Solicitation of input from and provision of feedback to constituents.

2.0.1.2.1 Consideration. In considering business, delegates should take into consideration the perspectives of their patients, their sponsoring organizations, and their physician constituents. In voting on matters before the House of Delegates, delegates should vote on the basis of what is best for patients and quality medical care.

2.0.1.3 Autonomy. The participation of any organization in the House of Delegates is voluntary. Policy actions of the AMA do not in themselves bind an organization or subject it to any obligation that it does not voluntarily assume.

2.1 Constituent Associations. Each recognized constituent association granted representation in the House of Delegates is entitled to delegate representation based on the number of seats allocated to it by apportionment, and such additional delegate seats as may be provided under Bylaw 2.1.1.2. Only one constituent association from each U.S. state, commonwealth, territory, or possession shall be granted representation in the House of Delegates.

2.1.1 Apportionment. The apportionment of delegates from each constituent association is one delegate for each 1,000, or fraction thereof, active constituent and active direct members of the AMA within the jurisdiction of each constituent association, as recorded by the AMA as of December 31 of each year.

2.1.1.1 Effective Date. Such apportionment shall take effect on January 1 of the following year and shall remain effective for one year.

2.1.1.1.1 Retention of Delegate. If the membership information as recorded by the AMA as of December 31 warrants a decrease in the number of delegates representing a constituent association, the constituent association shall be permitted to retain the same number of delegates, without decrease, for one additional year, if it promptly files with the AMA a written plan of intensified AMA membership development activities among its members. At the end of the one year grace period, any applicable decrease will be implemented.

2.1.1.2 Unified Membership. A constituent association that adopts bylaw provisions requiring all members of the constituent association to be members of the AMA shall not suffer a reduction in the number of delegates allocated to it by apportionment during the first 2 years in which the unified membership bylaw provisions are implemented.
2.1.2 **Additional Delegates**. A constituent association meeting the following criteria shall be entitled to the specified number of additional delegates.

2.1.2.1 **Unified Membership**. A constituent association shall be entitled to 2 additional delegates if all of its members are also members of the AMA. If during any calendar year a constituent association adopts bylaw provisions requiring unified membership, and such unified membership is to be fully implemented within the following calendar year, the constituent association shall be entitled to the 2 additional delegates. The constituent association shall retain the 2 additional delegates only if the membership information as recorded by the AMA as of each subsequent December 31 confirms that all of the constituent association’s members are members of the AMA.

2.1.2.2 **Minimum 75% Membership**. A constituent association shall be entitled to one additional delegate if 75% or more of its members, but not all of its members, are members of the AMA. The constituent association shall retain the additional delegate only if the membership information as recorded by the AMA as of each subsequent December 31 confirms that 75% or more of the constituent association’s members are members of the AMA. If the membership information indicates that less than 75% of the constituent association’s members are members of the AMA, the constituent association shall be permitted to retain the additional delegate for one additional year if it promptly files with the AMA a written plan of intensified AMA membership development activities among its members. If the membership information for the constituent association, as recorded by the AMA as of the following December 31 indicates that for the second successive year less than 75% of the constituent association’s members are members of the AMA, the constituent association shall not be entitled to retain the additional delegate.

2.1.2.3 **Maximum Additional Delegates**. No constituent association shall be entitled to more than 2 additional delegates under Bylaw 2.1.2.

2.1.2.3.1 **Effective Date**. The additional delegates provided for under this bylaw shall be based upon membership information recorded by the AMA as of December 31 of each year. Allocation of these seats shall take effect on January 1 of the following year.

2.1.3 **Selection**. Each constituent association shall select and adjust the number of delegates to conform with the number of seats authorized under this bylaw.

2.1.4 **Certification**. The president of each constituent association, or the president’s designee, shall certify to the AMA the delegates and alternate delegates from their respective associations. Certification must occur at least 45 days prior to the Annual or Interim Meeting of the House of Delegates.

2.1.5 **Term**. Delegates from constituent associations shall be selected for 2-year terms and assume office on the date set by the constituent association, provided that such seats are authorized pursuant to these Bylaws. Constituent associations
entitled to more than one delegate shall select them so that half the number, as near as may be, are selected each year. One-year terms may be provided but only to the extent and for such time as is necessary to accomplish this proportion.

2.1.6 Vacancies. The delegate selected to fill a vacancy shall assume office immediately after selection and serve for the remainder of that term.

2.1.7 Resident/Fellow Physician and Medical Student Delegates. A constituent association may designate one or more of its delegate and alternate delegate seats to be filled by a resident/fellow physician member or a medical student member.

2.1.7.1 Term. Such resident/fellow physician or medical student delegate or alternate delegate shall serve for a one-year term beginning as of the date of certification of the delegate or alternate delegate by the constituent association to the AMA.

2.1.7.2 No Restriction on Selection. Nothing in this bylaw shall preclude a resident/fellow physician or medical student member from being selected to fill a full 2-year term as a delegate or alternate delegate from a constituent association as provided in Bylaw 2.1.5.

2.1.8 Application by a Constituent Association for Representation in the House of Delegates. A constituent association seeking representation in the House of Delegates shall submit an application to the AMA. The Board of Trustees shall make a recommendation to the House of Delegates as to the proposed constituent association’s qualifications for representation, based on all the current guidelines for representation in the House of Delegates.

2.2 National Medical Specialty Societies. The number of delegates representing national medical specialty societies shall equal the number of delegates representing the constituent societies. Each national medical specialty society granted representation in the House of Delegates is entitled to delegate representation based on the number of seats allocated to it by apportionment, and such additional delegate seat as may be provided under Bylaw 2.2.2. The total number of delegates apportioned to national medical specialty societies under Bylaw 2.2.1 shall be adjusted to be equal to the total number of delegates apportioned to constituent societies under sections 2.1.1 and 2.1.2 using methods specified in AMA policy.

2.2.1 Apportionment. The apportionment of delegates from each specialty society represented in the AMA House of Delegates is one delegate for each 1,000, or fraction thereof, physician specialty society members as of December 31 of each year who are eligible to serve on committees or the governing body, are active members of the AMA and are members in good standing and current in payment of applicable dues of both the specialty society and the AMA. The delegates eligible for seating in the House of Delegates by apportionment are in addition to the additional delegate and alternate delegate authorized for unified specialty societies meeting the requirements of Bylaw 2.2.2.

2.2.1.1 Effective Date. Such apportionment shall take effect on January 1 of the following year and shall remain effective for one year.
2.2.2 **Additional Delegate.** A specialty society that has adopted and implemented bylaw provisions requiring unified membership is entitled to one additional delegate. If during any calendar year the specialty society adopts bylaw provisions requiring unified membership, and such unified membership is to be fully implemented within the following calendar year, the specialty society shall be entitled to the additional delegate. The specialty society shall retain the additional delegate only if the membership information recorded by the AMA as of each subsequent December 31 confirms that all of the specialty society’s members are members of the AMA.

2.2.3 **Selection.** Each specialty society shall select and adjust the number of delegates to conform with the number of seats authorized under this bylaw.

2.2.4 **Certification.** The president of each specialty society, or the president’s designee, shall certify to the AMA the delegates and alternate delegates from their respective societies. Certification must occur at least 45 days prior to the Annual or Interim Meeting of the House of Delegates.

2.2.5 **Term.** Delegates from specialty societies shall be selected for 2-year terms, and shall assume office on the date set by the specialty society provided that such seats are authorized pursuant to these Bylaws. Specialty societies entitled to more than one delegate shall select them so that half the number, as near as may be, are selected each year. One-year terms may be provided but only to the extent and for such time as is necessary to accomplish this proportion.

2.2.6 **Vacancies.** The delegate selected to fill a vacancy shall assume office immediately after selection and serve for the remainder of that term.

2.3 **Medical Student Regional Delegates.** In addition to the delegate and alternate delegate representing the Medical Student Section, medical student regional delegates and regional alternate delegates shall be apportioned and elected as provided in this bylaw.

2.3.1 **Qualifications.** Medical student regional delegates and alternate delegates must be active medical student members of the AMA. In addition, medical student regional delegates and alternate delegates must be members of their endorsing constituent association. The region in which the endorsing society is located determines the student’s region, and a medical student may serve as a regional delegate, alternate delegate or any form of substitute (pursuant to Bylaws 2.8.5 or 2.10.4) only for that region.

2.3.2 **Apportionment.** The total number of Medical Student Regional delegates and alternate delegates is based on one delegate and one alternate delegate for each 2,000 active medical student members of the AMA, as recorded by the AMA on December 31 of each year. Each Medical Student Region, as defined by the Medical Student Section, is entitled to one delegate and one alternate delegate for each 2,000 active medical student members of the AMA in an educational program located within the jurisdiction of the Medical Student Region. Any remaining Medical Student Section Regional delegates and alternate delegates shall be apportioned one delegate and one alternate delegate per region(s) with the greatest number of active AMA medical student members in excess of a
multiple of 2,000. If two regions have the same number of active AMA medical student members, ties will be broken by lottery by the MSS Governing Council.

2.3.2.1 Effective Date. In January of each year the AMA shall notify the Medical Student Section Governing Council of the number of seats in the House of Delegates to which each Medical Student Region is entitled. Such apportionment shall take effect on January 1 of the following year and shall remain effective for one year.

2.3.3 Election. Medical student regional delegates and alternates shall be elected by the Medical Student Section in accordance with procedures adopted by the Section. Each elected delegate and alternate delegate must receive written endorsement from their constituent association in accordance with procedures adopted by the Medical Student Section and approved by the Board of Trustees. Delegates and alternate delegates shall be elected at the Business Meeting of the Medical Student Section prior to the Interim Meeting of the House of Delegates. Delegates and alternate delegates shall be seated at the next Annual Meeting of the House of Delegates.

2.3.4 Certification. The Chair of the Medical Student Section Governing Council, or the Chair’s designee, shall certify to the AMA the delegates and alternate delegates for each Medical Student Region. Certification of delegates and alternate delegates must occur at least 45 days prior to the Annual Meeting of the House of Delegates.

2.3.5 Term. Medical Student Regional delegates and alternate delegates shall be elected for one-year terms and shall assume office on the date set by the Medical Student Section Governing Council.

2.3.6 Vacancies. The delegate selected to fill a vacancy shall assume office immediately after selection and serve for the remainder of that term.

2.4 Delegates from the Resident and Fellow Section. In addition to the delegate and alternate delegate representing the Resident and Fellow Section, resident and fellow physician delegates and alternate delegates shall be apportioned and elected in a manner as provided in this bylaw.

2.4.1 Qualifications. Delegates and alternate delegates from the Resident and Fellow Section must be active members of the Resident and Fellow Section of the AMA. In addition, resident and fellow physician delegates and alternate delegates must be members of their endorsing society or organization currently seated in the HOD, in a capacity appropriate to their level of training.

2.4.2 Apportionment. The apportionment of delegates from the Resident and Fellow Section is one delegate for each 2,000 active resident and fellow physician members of the AMA, as recorded by the AMA on December 31 of each year.

2.4.2.1 Effective Date. In January of each year, the AMA shall notify the Resident and Fellow Section Governing Council of the number of seats in the House of Delegates to which the Resident and Fellow Section is
entitled. Such apportionment shall take effect on January 1 of the following year and shall remain effective for one year.

2.4.3 **Election.** Delegates and alternate delegates shall be elected by the Resident and Fellow Section in accordance with procedures adopted by the Section. Each delegate and alternate delegate must receive written endorsement from a society or organization currently seated in the House of Delegates and in accordance with procedures adopted by the Resident and Fellow Section and approved by the Board of Trustees.

2.4.4 **Certification.** The Chair of the Resident and Fellow Section Governing Council or the Chair’s designee shall certify to the AMA the delegates and alternate delegates for the Resident and Fellow Section. Certification of delegates and alternate delegates must occur at least 45 days prior to the Annual Meeting of the House of Delegates.

2.4.5 **Term.** Delegates and alternate delegates from the Resident and Fellow Section shall be elected for one-year terms and shall assume office on the date set by the Resident and Fellow Section Governing Council.

2.4.6 **Vacancies.** The delegate selected to fill a vacancy shall assume office immediately after selection and serve for the remainder of the term.

2.5 **Speaker and Vice Speaker Additional Delegate.** Upon election of the Speaker and Vice Speaker of the House of Delegates from among the members of the House of Delegates, the organizations represented by the delegates elected to be Speaker and Vice Speaker of the House of Delegates shall be entitled to an additional delegate for the term of service of the Speaker and Vice Speaker. The additional delegates so selected shall have the full rights and privileges of delegates in the House of Delegates.

2.5.1 **Status of Speaker and Vice Speaker.** Upon their election, the Speaker and Vice Speaker shall continue to be members of the House of Delegates, with all of the rights and privileges of members of the House of Delegates. They shall be entitled to vote in the House of Delegates. The Speaker and Vice Speaker, as members of the House of Delegates, shall be eligible to be nominated for re-election to the office of Speaker and Vice Speaker of the House of Delegates.

2.5.2 **Term.** The delegates selected pursuant to this bylaw to serve during the term of service of the Speaker and Vice Speaker shall serve one-year terms consistent with the term of the Speaker and Vice Speaker. The organization represented by the delegate shall determine the tenure of the individual selected to serve.

2.6 **Other Delegates.** Each of the following is entitled to a delegate: AMA Sections; the Surgeons General of the United States Army, United States Navy, United States Air Force, and United States Public Health Service; the Chief Medical Director of the Department of Veterans Affairs; the National Medical Association; the American Medical Women’s Association; the American Osteopathic Association; and professional interest medical associations granted representation in the House of Delegates.
2.6.1 **Certification.** The president or other authorized individual of each entity shall certify to the AMA their respective delegate and alternate delegate. Certification must occur 45 days prior to the Annual or Interim Meeting.

2.6.2 **Term.** Delegates from these entities shall be selected for 2-year terms, and shall assume office on the date set by the entity. Certification of delegates and alternate delegates must occur at least 45 days prior to the Annual or Interim Meeting of the House of Delegates.

2.6.3 **Vacancies.** The delegate selected to fill a vacancy shall assume office immediately after selection and serve for the remainder of that term.

2.7 **Ex Officio Members.** The current Officers (except Speaker and Vice Speaker), the Past Presidents, Past Trustees of the AMA, and the Chairs of Councils of the AMA who are not delegates shall be ex officio members of the House of Delegates.

2.7.1 **Rights and Privileges.** Ex officio members have the right to speak and debate on the floor of the House of Delegates, but do not have the right to introduce business, introduce an amendment, make a motion, or vote.

2.8 **Alternate Delegates.** Each organization represented in the House of Delegates may select an alternate delegate for each of its delegates entitled to be seated in the House of Delegates.

When 2 or fewer members of the Council are still to be elected, the number of nominees on subsequent ballots shall be no more than twice the number of remaining vacancies, with the nominees determined as indicated in the preceding sentence.
