Chicago, IL 60611-5885

To Whom It May Concern:

The New York County Medical Society is pleased to endorse the candidacy of Andrew T. Cheng, MD, to the AMA Section Governing Council – Senior Physicians Section (AMA-SPS)

Doctor Cheng is a board certified in Otolaryngology – Head and Neck Surgery. He is a fellow of the American Academy of Otolaryngology – Head and Neck surgery, the American Academy of Facial Plastic Surgery, and the American College of Surgeons.

He has been active in organized medicine since he was chair of the New York County Medical Society's Young Physician Committee; we think it fitting that he continues this interest through to Senior Physician status.

Doctor Cheng is past president of the New York County Medical Society (2002 - 2003). He has long served at the Medical Society of the State of New York in various capacities including on the Legislation and physician Advocacy Committee and the Elimination of Health Care Disparity.

Doctor Cheng has been a continuing presence in New York organized medicine, including his eagerness to help senior physicians mentor younger doctors. He is indefatigable when it comes to generating ideas and making contacts.

He has been dedicated to giving to his profession since the start of his career, and the New York County Medical Society is pleased to give its full endorsement of his application to the AMA-SPS.

Sincerely,

THOMAS P. STERRY, MD
President
New York County Medical Society
