

## Delegate

### Danielle Rivera, MD

**Residency/Fellowship Program:** University of New Mexico

**Expected Graduation Date:** June, 2027

**Specialty:** Child and Adolescent Psychiatry

Hello, my name is Danielle Rivera, and I'm currently a PGY-1 at the University of New Mexico in a fast-track child and adolescent psychiatry program. I've been involved in the AMA since my second year of medical school and have loved it from the beginning. I have yet to find anything better than policy advocacy as a remedy for burnout in medicine and would love the opportunity to represent the RFS in the coming year. I have ample experience within the MSS as an author, primarily working on policy on disability issues, immigration, COVID-19, and prison healthcare. I started in the AMA working on the Minority Issues Committee, then was a leader on the committee as well as policy chair for Region 1, coordinating the response of 14 states within the MSS. These experiences, along with my experience as Vice-Chair of the MSS last year has given me a great deal of experience working with different sections within the AMA and the ability to push for section priorities. It would be an honor to represent the RFS in the coming year as a delegate.
