

## Delegate

### Haidn Foster, MD

**Residency/Fellowship Program:** Penn State Health

**Expected Graduation Date:** 2025

**Specialty:** Internal Medicine

Hello, RFS!

After five years in the AMA-MSS, I'm so excited to join the Resident and Fellow Section to advocate on behalf of all graduate medical trainees.

The AMA House of Delegates is where policy comes to life, and our Section needs strong, experienced voices in the House to make our policy priorities a reality. Over my years serving in the MSS delegation to the HOD both as a representative of the Ohio State Medical Association and the American College of Physicians, I honed an ability to create, improve, and pass AMA policy. And as the Immediate-Past Chair of the AMA-MSS, I've formed invaluable relationships with delegation and Section leaders, Councilors, and Trustees that I know will serve the RFS in our goal to advance the issues that matter most to residents and fellows.

Following Dobbs, it's clearer than ever that resident and fellow voices are needed to forcefully push back against government intrusion into the exam room and limitations on our ability to train in essential aspects of healthcare. Meanwhile, it's never been more pressing to advocate for improved resident and fellow working conditions and compensation. It's on these issues and many more—including working toward stronger LGBTQ+ GME curricula across specialties—that I'm fired up and ready to tackle on your behalf.

Thank you for your consideration, and I hope to earn your vote this November.

All my best,  
Haidn
