

Alternate Delegate

Nada Mohamed, MD

Residency/Fellowship Program: Baylor Scott & White

Expected Graduation Date: 6/30/2026

Specialty: Pathology

Over the past year, I have served as the Resident and Fellow Section (RFS) delegate for the College of American Pathologists (CAP), witnessing firsthand the crucial role that the RFS plays within the AMA. I am profoundly impressed by how sections like the RFS have a strong, positive impact on healthcare professions and our healthcare system as a whole as well as providing a voice for my fellow trainees and colleagues.

This experience illustrated to me the importance of effective representation and advocacy within the AMA, particularly with issues that directly affect and concern residents and fellows. It reaffirmed my belief that the House of Delegates is a vital institution from which we can advocate and influence healthcare policy and improve patient outcomes. It has also highlighted the significance of collaboration, communication and camaraderie within our medical community, within our own specialties and in interdisciplinary circles.

It is with great pride that I receive the endorsement of the College of American Pathologists (CAP). I am honored by their trust and privileged to be a voice to represent our concerns, aspirations, and our vision for the future. I see this endorsement as a testament to our shared commitment to advancing our profession and to progress and improvement in medicine for years to come.

If elected as an alternate delegate, I will be an unwavering advocate for our priorities, fostering constructive dialogue and working closely with fellow delegates to shape policies that advance and influence our profession and positively impact patient care while also improving relations with those who we interact with the most – our patients.

I eagerly anticipate the opportunity to collaborate with diverse delegates and contribute to well-informed decision-making. Together, we can continue to strengthen our medical community and ensure that our patients receive the exceptional care they deserve.

In conclusion, I offer myself as a dedicated candidate for the position of alternate delegate to the House of Delegates. With your support, I aim to build upon my experiences and the lessons I have learned as an RFS alternate delegate for CAP, further enhancing our voice within the AMA.

Thank you for considering my candidacy. I look forward to representing you and our shared values in the House of Delegates.
