

Chair-Elect

Pauline Huynh, MD

Residency program: Kaiser Permanente Oakland Medical Center

Specialty: Otolaryngology/Head & Neck Surgery

Statement of Interest

Hello friends!

I am so excited to see you all at our Interim 2022 Meeting! My name is Pauline Huynh, and I am a PGY2 Head & Neck Surgery resident at Kaiser Permanente in Oakland. I would be honored to serve as your next Chair-Elect of our Resident & Fellows Section, where I promise to hold our AMA accountable to our policy priorities, amplify the trainee voice between and beyond our national meetings, and invest in leadership pathways for our members.

I have been heavily involved in our AMA since I was a medical student, serving in a number of MSS Committees, within MSS Region 6, as Reference Committee Chair, on the Council of Constitution & Bylaws, and as a former MSS Section Delegate. As a resident, I have served as an AMA-RFS Sectional Delegate, Vice Chair of our RFS IOP Ad Hoc Committee, and California Medical Association RFS Officer on Policy Analysis. During my tenures as CCB Member then MSS Delegate, I not only immersed myself in the policy process and how it translates to a political reality, but also worked tirelessly to protect our representation in this democratic process—skills and institutional knowledge that would serve our RFS well.

As your Chair-Elect, I will leverage my extensive experience, existing partnerships with physician and student leaders, and political acumen to build upon the successes of this incredible Section. It would be my greatest honor to represent and serve you.
