

## Delegate

### Victoria Gordon, DO

**Residency/Fellowship Program:** University of Houston HHH Kingwood

**Expected Graduation Date:** 6/30/2025

**Specialty:** Emergency Medicine

Having served this delegation for the past year, I learned a lot about advocacy in action. It has been such a pleasure to work with other residents across the country in order to create change and support doctors as well as our patients. In our ever-changing world, it is important to stay engaged and to be the change you want to see. Since beginning medical school, I have been involved within the AMA in various forms from chairing committees to being a member of the Ambassador Program Steering Committee to now serving on the AMPAC board. This has allowed me to truly appreciate the power of our AMA and amass a wealth of institutional knowledge that will help me to be an effective delegate. Over the past few years, I have also been involved in writing resolutions, mentoring incoming members, and acting as a liaison across groups. If selected for this position, I would look forward to connecting with RFS members and voting on resolutions that amplify their voices. With a history of commitment to the AMA and a desire to continue to serve the RFS, I hope that I can continue to represent the RFS in the coming year as a delegate.
