

Senior Physicians Section (AMA-SPS)

Delegate

Name

Andrew On Tak Cheng

Credentials

MD

Pronouns

He/Him

Statement of interest

I have experience throughout my solo-practice, with ongoing mentorship, counsel and involvement in pre-med students to residents/fellows trainees; with more time available with my semi- retirement in clinical practice, I will dedicate and devote my time & energy to align the AMA goals to preserve private practice physicians' role to uphold our noble profession. My time and energy in the AMA to foster best efforts to speak and act as "front-line" soldier in the ditch of Battle that physicians will fight for the protection and welfare of the patients we serve.

Diversity statement

My family immigrated to USA when I was 15 years old and I benefited from the affirmative program to attend Cornell University and with success in my medical career. I value my experience with gratitude as mentor and physician to serve in various communities, including my recent experience in serving native Hawaiian and native Alaskans as ENT locum physician. My direct patient care in various communities will build and strengthen my conviction in physician autonomy and dedication to best of care & intention of well being for all patients.
