
Resident and Fellow Section (AMA-RFS)

Speaker

Name

Brady W Iba

Pronouns

He/Him

Credentials

DO

Statement of interest

I am Brady Iba, a PGY-3 in psychiatry. I am running for election for your speaker of the house. I have found a great enjoyment in parliamentary procedure and the way it allows all voices and opinions to be heard. I have joined the American Institute of Parliamentarians (AIP) and have been taking courses provided by the AIP to improve my understanding and maneuvering of parliamentary procedure. From a personal side, I have been a dungeons and dragons game master for more than ten years. Telling a story requires clarity and intentionality and fosters flexibility and collaboration.

Also, I am currently a sectional delegate for the RFS to the AMA House of Delegates and have served in the similar position as a medical student. As a delegate, it has been very beneficial to have a strong understanding of parliamentary procedure. It aids when recommending amendments. Delegate positions require good teamwork as well as good communication and collaboration. These are skills that will serve me well as a team member on the general council.

I ask for your vote to be Speaker of the House for the Resident/Fellow Section. I strive for efficiency and clarity at meetings with a little humor sprinkled in. I value each voice and opinion because every single voice can lead to great change.

Diversity statement

I firmly strive to be a good steward in my words and actions. This requires that I embody only the highest standards of beliefs and behaviors in my interactions with peers, staff members, and community members. I understand my duty to monitor my communication in all environments, including all those in-person, at a distance, and those in virtual spaces. Accordingly, I affirm that I:

- Ground my behavior in kindness and honesty in both what is said and not said.
- Maintain professional integrity by establishing fair and equitable treatment of all members of the section.
- Remain firm and faithful to the endeavor of learning, growing, and fostering positive relationships among the section.
- Respectfully interrupt acts which impinge on the rights and dignities of others.
- Support and defend the basic human rights of all individuals, everywhere in my social and professional spheres.
