

Proposed Panel Agenda

February 2023 CPT® Editorial Panel Meeting

The proposed agenda for the February 2023 CPT Editorial Panel meeting shows the code application names, code(s) affected, and a description of the request. The Code Numbers and Request Descriptions detailed in this document are extracted from Code Applications submitted for discussion at this meeting. **Until such time as the CPT Editorial Panel acts on these requests, the information that appears in this Proposed Agenda is provided for informational purposes only, giving interested individuals the information to help determine whether or not to attend the meeting and provide comment on a given topic(s).**

Codes that contain an ‘X’ (e.g., 102X4, 2342X, 130XT) below are placeholder codes that are intended, through the first three digits, to give readers an idea of the proposed placement in the code set of the potential code changes. **These codes are not used for claims reporting and will be removed and not retained when the final CPT Datafiles are distributed early September of each year. To report the services for “X” codes listed on this form, please refer to the actual codes as they appear in the CPT Datafiles publication distributed early September of the corresponding year.**

NEW PROCESS - NOTICE – INTERESTED PARTY PROCESS

Please note that starting at the February 2023 Panel meeting, non-Pathology issues will have a new Interested Party (IP) request process. Please follow the new link below to access the new IP request platform.

Upon review of this agenda, if the non-Advisor reviewer believes that they may want to provide written comments on an application, the reviewer must seek Interested Party status by submitting a request form. The form requires identification of the potential Interested Party, a brief summary of the basis for the request (e.g., associated vendor/ industry representative), and signature of the confidentiality agreement and disclosure of interest forms.

- For Non-Pathology issues, only requests submitted via the **CPT Smart App’s Interested Party Portal** will be considered (new request platform)
- For Path/Lab issues, only requests submitted via this [request form](#) will be considered (previous request form)

Any recognized Interested Party who provides written comments must do so no later than the deadlines below and in the Interested Party Portal. Verbal comments can be provided in person at the Panel meeting.

- For Non-Pathology issues, written comments must be submitted via the **CPT Smart App’s Interested Party Portal**
- For Path/Lab issues, written comments must be submitted to CPT Staff via email to cptinterestedparties@ama-assn.zendesk.com
