

Proposed Panel Agenda

May 2025 CPT® Editorial Panel Meeting

The proposed agenda for the May 2025 CPT Editorial Panel meeting shows the code application names, code(s) affected, and a description of the request. The Code Numbers and Request Descriptions detailed in this document are extracted from Code Applications submitted for discussion at this meeting. **Until such time as the CPT Editorial Panel acts on these requests, the information that appears in this Proposed Agenda is provided for informational purposes only, giving interested individuals the information to help determine whether or not to attend the meeting and provide comment on a given topic(s).**

Codes that contain an 'X' (e.g., 102X4, 2342X, 130XT) below are placeholder codes that are intended, through the first three digits, to give readers an idea of the proposed placement in the code set of the potential code changes. **These codes are not used for claims reporting and will be removed and not retained when the final CPT Datafiles are distributed early September of each year. To report the services for "X" codes listed on this form, please refer to the actual codes as they appear in the CPT Datafiles publication distributed early September of the corresponding year.**

INTERESTED PARTY PROCESS

Upon review of this agenda, if the reviewer believes that they may want to provide written comments on an application, the reviewer must seek Interested Party status by submitting a request form. The form requires identification of the potential Interested Party, a brief summary of the basis for the request (e.g., associated vendor/ industry representative), and signature of the confidentiality agreement and disclosure of interest forms. For more information, [please visit our website](#).

Only requests submitted via the CPT Smart App's [Interested Party Portal](#) will be considered.

IMPORTANT UPDATE

We want to inform you that the deadline for interested party (IP) comments has been updated. The new deadline to submit comments for the upcoming May 2025 meeting is April 8, 2025.

This adjustment allows more time for thorough review by Editorial Panel members, as well as aligns with the CPT Advisor comment deadline. We hope this change will accommodate all involved in the CPT Editorial Panel process.

Any recognized Interested Party who provides written comments must do so no later than the deadlines below and in the Interested Party Portal. Should you miss the **April 8th deadline**, verbal comments can be provided in person at the Panel meeting.

Written comments must be submitted via the CPT Smart App's [Interested Party Portal](#).

Proposed Panel Agenda

May 2025 CPT® Editorial Panel Meeting

Issues	Tabs	Comments Deadline (Noon, CST)	Deadline to Request Materials *NEW: you may request materials through Friday of the Panel Meeting.
