

# CPT® Proprietary Laboratory Analyses (PLA) Codes: Short Descriptors

It is important to note that further CPT Editorial Panel (Panel) or Executive Committee actions may affect these codes and/or descriptors. For this reason, code numbers and/or descriptor language in the CPT code set may differ at the time of publication. In addition, further Panel actions may result in gaps in code number sequencing.

## Most recent changes to the CPT® Proprietary Laboratory Analyses (PLA) Short Descriptor document

- Revision of code 0022U, deletion of codes 0097U, 0151U, and the addition of 17 PLA codes (0306U-0322U) accepted by the CPT Editorial Panel.
- Revision to the test name for codes 0240U, 0241U. There has been no change to the short descriptors for these codes.
- Deleted codes in this document appear with a ~~strikethrough~~.
