To WHOM IT MAY CONCERN

Dr. Gloria Wu is applying for member at large for the Women's Physicians Section of American Medical Association. I have the pleasure of working with and being acquainted with the physician in her capacity of a valuable member of the medical staff of Good Samaritan Hospital in San Jose California. I've also worked with this physician very closely and collaborated with her in my capacity as Chief of Staff at Good Samaritan Hospital, 2022 to 2023.

Dr. Wu has served and continues to serve this community for several decades as a prominent teacher, ophthalmologist and a physician leader. She has excelled in all these categories. Currently she is leading the Santa Clara County Medical Association as the incoming president. Her energy, her enthusiasm and involvement in health-care leadership and policy making, especially when it comes to paying heed to the needs of minorities and women, makes her a stellar candidate for this position. Gloria offers personal and influential role in the medical and legislative arena locally, as such she will carry these capabilities nationally representing American Medical Association.

I have no hesitation in recommending Dr. Gloria Wu to represent as a member at large in AMA's Women's Physicians Section.
