RES 825-I-24	Transparency of Facility Fees for Hospital Outpatient Department Visits	Adopted.	<p>Included in the bipartisan budget deal at the end of 2024 that was ultimately tabled, H.R. 3237 in the 118th Congress would have required each off-campus hospital outpatient department to obtain and include a national provider identifier on billings for claims for services. Although this did not pass as part of the short-term funding deal, it may become relevant again in congressional negotiations in 2025. The AMA will continue to track this issue. In addition, the AMA will advocate that the Centers for Medicare & Medicaid Services (CMS) require transparency of the added costs for services performed at HOPDs and raise public awareness of facility fees incurred by patients who receive services at HOPDs (Hospital Outpatient Department) in our 2026 OPPS NPRM comment letter.</p> <p>AMA's comment letter in response to the 2026 OPPS NPRM urged CMS to make information about the differences in prices between hospital outpatient departments, ambulatory surgical centers, and physician offices clear to patients.</p>
