

AMERICAN MEDICAL ASSOCIATION HOUSE OF DELEGATES

Resolution: 2
(A-22)

Introduced by: International Medical Graduates Section

Subject: Hardship for International Medical Graduates from Ukraine

Referred to: Reference Committee

1 Whereas, Ukraine is in the midst of a major humanitarian and medical crisis since the Russian
2 invasion on February, 24th, 2022; and
3

4 Whereas, Numerous civilians including children have been killed and millions of Ukrainians
5 have been displaced from their home seeking safety; and
6

7 Whereas, Physicians who went to medical school in Ukraine have no possible means of
8 obtaining primary source verification of medical education; and
9

10 Whereas, Many states require additional verification for IMGs from medical schools, despite the
11 Federation Credentials Verification Services profile, to issue them state medical license; and
12

13 Whereas, Nationwide physicians crisis during the pandemic highlighted the need for multiple
14 state licenses for physicians to serve the underserved areas; ~~Therefore, be it~~

15
16 RESOLVED, That our AMA advocate with ~~FSMB, ECFMG, and~~ relevant stakeholders that
17 advise the state medical boards, and other stakeholders to grant hardship waiver for primary
18 source verification of medical education for all licensing requirements for physicians who
19 graduated from medical schools in Ukraine until the current humanitarian crisis ~~is resolved~~ in
20 Ukraine is resolved, and further
21

22 RESOLVED, That our AMA advocate with relevant stakeholders to grant a hardship waiver for
23 the Statement of Need Certificate for obtaining a Visa for Ukrainian physicians who matched to
24 the residency or fellowship in the U.S. until the resolution of the current humanitarian crisis in
25 Ukraine.
