

September 26, 2022

To Whom It May Concern:

The Michigan Delegation to the American Medical Association (AMA) enthusiastically supports and endorses Nicolas K. Fletcher, MD, as a candidate for the position of Resident Member of the AMA Council on Constitution & Bylaws.

Doctor Fletcher brings valuable historical and contemporary insight to the Council having previously served as the Medical Student Member in 2015, as well as attended numerous AMA House of Delegates meetings and participated on several Boards including those for the AMA Foundation, Michigan State Medical Society, and, currently, the Wayne State Medical Society of Southeast Michigan. His clinical experience navigating the integration of significant physical and behavioral health needs of many patients with financial challenges ensures he will bring the perspective and knowledge necessary to enhance the already robust expertise present on the Council.

Since his first foray into organized medicine, Doctor Fletcher has distinguished himself as a leader, advocate, and trusted colleague. Through our past and ongoing interactions with Doctor Fletcher, the Michigan Delegation to the AMA believes Doctor Fletcher will bring a thoughtful, effective, and engaged voice to the Council.

We believe Doctor Fletcher is worthy of the AMA's support and respectfully request favorable consideration of his application for a position on the AMA Council on Constitution & Bylaws.

Sincerely,

Mark C. Komorowski, MD, Chair  
Michigan Delegation to the AMA
