To the AMA-RFS Governing Council & Leadership,

We are pleased to endorse Pauline Huynh in her election for Chair-Elect of the AMA Resident and Fellow Section at the upcoming AMA Interim House of Delegates meeting.

Dr. Huynh first joined the AMA as a medical student at the Johns Hopkins University School of Medicine and has demonstrated a strong and consistent track record as a leader. Since starting her residency with the Kaiser Permanente Northern California program, she has been involved with our state medical society serving on the CMA-RFS Executive Council as Officer of Policy Analysis, where this month she was re-elected for another term. She has encouraged resident involvement in the policy review process at the state and national level and has worked with leaders of the CMA-RFS to foster engagement among new members.

Through her involvement in organized medicine, Dr. Huynh has demonstrated to be highly reliable and meticulous, a quick learner, and a capable team leader. As noted in her CV, she demonstrates extensive experience and expertise in navigating complex processes, leading cross-organizational collaborations, and is a demonstrated advocate for her profession.

Overall, Dr. Huynh is an exceptional candidate to lead the AMA Resident & Fellows Section. As representatives of the California Delegation to the AMA, we enthusiastically endorse Dr. Huynh's candidacy and have every confidence she will exceed expectations in this position and serve as an important conduit between the AMA-RFS and other AMA constituencies. Please contact us if you need any further information.

Sincerely,

Albert Ray, MD, DABFM, FFAFP, CCFP,
