

**AMA MSS Governing Council Endorsement for the Minority Affairs Section Student Representative**

The Medical Student Section Governing Council is honored to endorse Jasmin Eatman's candidacy for re-election as the student member to the Minority Affairs Section Governing Council. During her current tenure, we have been impressed with her ability to communicate between MSS and MAS leaders to continue building a strong relationship between the two sections. Locally, she has been involved with her institution's DEI and anti-racism committee, served as SNMA local chapter president, and led a declaration in her county for racism as a public health crisis. These experiences further support her professional demeanor and her ability to bring together various key stakeholders to advance crucial policies. Additionally, her advocacy surrounding affirmative action and Vot-ER support her ability to be an advocate for minorities. Finally, as a black-identifying woman who is Afro-Latina, her identity amplifies her ability to advocate for multiple racial and ethnic groups. Jasmin is a strong, tenacious, and effective advocate and the MSS GC wholeheartedly supports Jasmin Eatman for re-election to the MAS GC.

Sincerely,

Natasha Topolski, Chair  
AMA Medical Student Section Governing Council
