## Letter of Support

To Whomsoever it may concern,

It is my pleasure to write this letter in support of Dr. Victor Salazar who I have known for the last 4 years working at Bay Area Community Health as his colleague and co-medical director. In his role as a Medical Director, Dr. Salazar has shown great administrative qualities at our organization and has handled responsibilities and challenging tasks with great insight. He is one of the most compassionate and caring Family Physicians that I have ever worked with and he will always go above and beyond to provide excellent and high quality of care for his patients. Dr. Salazar manages a high volume of patients and is very experienced in all aspects of medical care. He has helped our organization navigate during the COVID-19 pandemic and has been resourceful and supportive to other staff and providers and continues to treat his patients with utmost respect and dedication. He has led many COVID-19 taskforce meetings for our staff and providers and actively participated in town-hall meetings to educate patients about ways to curb the spread of COVID-19 in our community and increase COVID-19 vaccine acceptance. He is very well liked by his patients and colleagues who have high regards for him. He is very professional and his positive attitude and ability to connect with patients of all ages is nothing short of amazing. He has been an invaluable asset to our organization and our community and we are grateful for his commitment and service that he continues to offer to our patients and for the experience and skills he shares with our team of staff and providers. Please feel free to contact me with any questions.

Sincerely,

Reema Menezes, MD  
Medical Director/Family Physician  
Bay Area Community Health
