4. Sponsor's Narrative Statement

(Describe nominee's accomplishments and contributions using not less than 50, nor more than 250 words.)

It is with extreme honor that I nominate Jasmin Eatman for election as the MAS MSS Liaison. I have had the distinct pleasure of working and collaborating with Jasmin over the past 3 ½ years through multiple avenues: as the SNMA President, our new DEI and Anti-racism curriculum, mentee in our Emory EMPACT structured mentoring program and through mutual interests in promoting health equity. During this time, Jasmin has brought fresh ideas, outstanding communicational and interpersonal skills, and extensive health policy knowledge to all of her leadership and academic endeavors. I can attest additionally to her enviable work ethic and to the pleasure of working with her as a collaborator and team member. Also noteworthy, Jasmin has demonstrated a high level of professional maturity and personal integrity no matter the initiative/leadership role.

Jasmin has an innate ability to think creatively about systems-based solutions in medicine, articulate a vision and garner consensus for action. She has led multiple successful advocacy initiatives including a multi-school and health professional collaboration to declare racism as a public health crisis in our local county which unanimously passed along with an accompanying policy brief and petition signed by ~6,600 health professionals.

Jasmin is a dynamic young leader who provides exemplary service to her community, medical school and organized medicine both on the local and national levels. She is a gifted, innovative individual that will no doubt, utilize her role as the MAS MSS Liaison to support sound, equitable policies and practices for our patients and profession.

5. Candidate's Statement of Interest

(Not less than 50, nor more than 250 words.)

My introduction to the American Medical Association was as a policy intern through the non-profit organization, Vot-ER. I testified as one of the primary authors of the resolution, Voting as a Social Determinants of Health. I did not hold a formal role in AMA at that meeting, but was inspired by the experience and eager to remain involved. I was elected as Advocacy Representative for Region 4 of the MSS. I was then nominated as the MAS-MSS liaison, and was elected, at the following meeting. I have represented the powerful relationship between the MAS and MSS through my leadership most recently during the I-23 meeting, where I actively participated in facilitating close, timely communication between both MAS and MSS to pass several critically important policy items. I am actively planning a session for A-24 to

cultivate conversation around maternal health inequity. Serving in the role as MAS-MSS liaison equips and encourages me to stand firm in my passion for advocacy; I have considered it a tremendous honor to serve in this role, and seek to serve a second term to continue the momentum for this work. The MAS and MSS are at the forefront of the most powerful and equity-oriented policy heard by the AMA House of Delegates, which speaks truth to power and ignites important conversation about the AMA's responsibility to serve all. It would be an honor and privilege to serve in the role of MAS/MSS liaison and appreciate the opportunity to continue to serve in this role.
