

Pathology/Laboratory and Molecular Pathology/MAAA/GSP CPT® Code Change Applications

May 2025 Editorial Panel Meeting

Pathology/Laboratory and Molecular Pathology/MAAA/GSP CPT Code Change Applications (CCAs) that have been submitted for consideration by the CPT Editorial Panel at its May 2025 meeting are listed below. These applications will also be included in the proposed Panel agenda that will be posted to the AMA website on March 7, 2025. This listing includes the code application names, code(s) affected, and a description of the request. **Until such time as the CPT Editorial Panel acts on these requests, the following information is provided for informational purposes only, giving interested individuals the information to help determine whether or not to attend the meeting and provide comment on a given topic(s).**

This listing of Pathology/Laboratory and Molecular Pathology/MAAA/GSP applications is being posted ahead of the full February Panel meeting agenda in order to provide the Molecular Pathology Advisory Group (MPAG) and the Pathology Coding Caucus (PCC) sufficient time to review comments from interested stakeholders prior to making their recommendations to the CPT Editorial Panel.

Codes that contain an 'X' (e.g., 10X24, 23X42, 03X0T) below are temporary codes that are intended to give readers an idea of the proposed placement in the code set of the potential code changes. **These temporary codes are not used for claims reporting and will be removed and not retained when the final CPT Datafiles are distributed on August 31st of each year. To report the services described by the "X" codes listed on this form, please refer to the actual codes as they appear in the CPT Datafiles publication distributed on August 31st of the corresponding year.**

NOTICE –INTERESTED PARTY PROCESS

Upon review of this agenda, if the reviewer believes that they will need to provide comment on an issue, they must seek Interested Party status by [submitting a request](#) for a copy of the application and associated materials. **Requests are to be submitted through the Smart App's CPT Interested Party dashboard.** Those interested in review of the agenda materials are required to complete this form in full.

Any interested parties wishing to provide written comments on any agenda items should be aware of the following relevant deadlines for provision of written comments on the agenda to ensure comment review by all parties. Additional verbal comments on any issue can be provided in person at the Panel meeting following a statement of conflict of interest. The applicant(s) who submitted the original code change application is automatically considered an interested party and is notified by AMA staff of any request for review submitted by another party.

*Interested party requests will not be processed until the interested party submits a signed confidentiality agreement and disclosure of interest form. Please follow the instructions in the correspondence that accompanies the materials.

Issues	Tabs	Deadline to Request Materials *NEW: you may request materials through Friday of the Panel Meeting.	Comments Deadline (Noon, CST)
All Non-Pathology Issues	54, 73, 76	May 2, 2025	April 8, 2025
Path/Lab	27-39	May 2, 2025	March 14, 2025

During the time between now and the Panel meeting, this listing of Pathology/Laboratory and Molecular Pathology/MAAA/GSP CCAs may be modified to reflect changes – additions, deletions or updates. Please check back frequently for the most up to date information. Outcomes on these actions will be listed in the CPT Editorial Panel Summary of Actions for the May 2025 meeting, which will be published on or before May 30, 2025 to the CPT home page of the AMA website <http://www.ama-assn.org/go/panel-actions>.

	Name	Code #	Request-Description
27	Gadolinium Serum Level	▲83015 ▲83018	Revise codes 83015, 83018 to reflect intent for testing for the heavy metal Gadolinium.

	Name	Code #	Request-Description
28	GSP-Oncology Whole Genome Sequencing	●8XX11 ●8XX12 ●8XX13	Establish codes 8XX11, 8XX12, 8XX13, to report genomic sequencing analysis (8XX11), sequencing analysis for DNA matched normal specimens (8XX12), and RNA transcriptome analysis (8XX13).
29	GSP-Optical Genomic Mapping-Myeloid Lymphoid Neoplasms	●8XXX5 ●8XXX6	Establish two Category I codes 8XXX5, 8XXX6 to report optical genome mapping analysis for both lymphoid and myeloid hematological malignancies.
30	GSP-Rapid Whole Genome Sequencing	●8XX14 ●8XX15	Establish Category I codes 8XX14, 8XX15, to report rapid whole genome sequencing
31	Immunoassay-Direct Optical Obs-COVID-Flu	●8XXXX	Establish code 8XXXX to report testing for SARS-CoV-2 and influenza A-B using a multiplex viral pathogen panel via antigen immunoassay with direct optical observation
32	MAAA-Infectious Disease	●8XXX7	Establish a Category I code 8XXX7 to report automated semi-quantitative immunoassay that measures three nonmicrobial (host) proteins and delete PLA code 0351U.
33	MAAA-Methylation Analysis-Tissue of Origin	●8XXX0 ●8XXX1	Establish MAAA codes 8XXX0, 8XXX1 to report methylation analysis as a single (8XXX0) and an additional (8XXX1) classifiers.
34	MAAA-Oncology Prostate-Revise 81542	▲81542	Revise code 81542 by removing the term microarray from the code descriptor.

	Name	Code #	Request-Description
35	Microbiology-Joint Infections	●8XXX9	Establish code 8XXX9 to report multiplex joint infection testing including discriminant organism results.
36	Microbiology-Sexually Transmitted Infectious	●8XXX2 ●8XXX3	Establish codes 8XXX2, 8XXX3 to report amplified probe laboratory panel testing for sexually transmitted pathogens.
37	Plasma Cell Enrichment	●8XX10	Establish 8XX10 to report plasma cell enrichment procedures performed prior to molecular testing (add-on procedure).
38	Rapid HIV 1-2 Antibody Test	●8XX16	Establish Category I code 8XX16 to report HIV-1 and HIV-2 antibody testing.
39	Tier 1-Optical Genome Mapping-Rare Diseases	●8XXX4	Establish Category I code 8XXX4 to report cytogenomic (genome-wide) analysis for optical genome mapping.
54	Cat III-Autologous Cell Therapy, Anus	●X435T	Establish a Category III code X435T to report autologous muscle cell therapy, injection of muscle progenitor cells into the external anal sphincter.
73	Cat III-Tissue Procurement for Cell Therapy	●X454T	Establish a Category III code X454T to report autologous muscle cell therapy, harvesting of muscle progenitor cells.
76	Cat III-Urethral Autologous Cell Therapy	●X456T	Establish a Category III code X456T to report autologous muscle cell therapy, administration of muscle progenitor cells into the urethral sphincter.
