

REFERENCE COMMITTEE F VOLUNTEER FORM

Reference Committee F traditionally deals with AMA's organizational and fiscal policies, the AMA's annual plan and budget, business matters and products, long-range planning considerations, governance issues and membership issues including dues recommendations and member benefits.

Members of Reference Committee F come to Chicago to meet with the Board's Finance Committee in April and again in September. They also meet with the Board at each HOD meeting, generally on the morning of the opening session.

Reference Committee F members serve for two years (three years if appointed chair). Appointments to this committee are made each year after the Annual Meeting.
